It would be in your best interests to redact the copyright removal (strikes) off our [Game Masters Official Central](#) associated channel: [FusionFall Central Official](#) via YouTube immediately or harsh consequences will occur for cynical, sensitive fools who can't mind their damn business & not acknowledging our platform for providing informative insightful game developer content, vice versa vast entertainment for a worldwide audience (to suit fans of all respective ages).

Basically our FCO centralized platform granted these select entities, individuals extra publicity **(which they've approved/acknowledged via Discord in their servers - chat logs review the noted files/screencaps)* regarding their fan projects (demos, fan-games, servers). Otherwise we will be forced to contact Cartoon Network, Turner (Warner Entertainment), Grigon Entertainment other entities to investigate certain dramatic, malicious members e.g. Alan Hachey alias [AwesomeAlan1](#), [CAZIO](#) (Goon Squad, [Infected Zone](#), [Last Vanguard](#), [Lunar Legionnaires](#) associate), [Badooga](#) (Locke Peace), [Becca/Bekka](#), [Lilith](#) (Lily), [Brendan Przywara](#) alias [Przzyfied](#), [Benbolt504](#) alias [PJ Perry](#) (Paul Allen Perry, III), [Ferbbatmikey101](#) (Michael Croff) {infamous deranged convicted child pedophile}, [Bullhammer](#) alias Obernull (Brigham R. Pratt), [Citrus Cryptid](#) alias [Ben Finkelstein](#), [Cpunch71](#) (Seth Stubbs), [Kevman95](#) alias [Kevin Hammett](#), [Maclaine Walls](#) aliases '[Pistol Space Air](#), [Mac Fufa](#), [Ninjser](#)' vice versa [Noonja Ness](#), [Peace](#) aliases [NSA Peace](#), [Noam Azulay Peace](#), [Tom Clark](#) alias [Tom The Human](#) (Gamble, Indes vice

versa [Jade](#) alias [Jade Shrine Maiden](#), [Cake Lancelot](#), [Juansecu](#), [Poppleworks](#) alias [Popsfootloose](#)) etc. Additionally the user [WifiSpy](#) ([WifiSpy/DYU](#)) who uses the aliases [Anchor](#), [Kate](#) etc who hosts 3rd party [open source](#) modding servers for [FusionFall](#) using [OpenFusion software](#) (including hosting a scam, malicious site known as [BlackSpigot Inc](#)) etc. For targeted blackmailing, doxxing, harassment, raiding discord servers including providing confidential classified data (information via their public/private Discord servers) they wouldn't want [Cartoon Network](#), [Turner](#), [Warner Media](#), [Grigon Entertainment](#) vice versa the [FusionFall fanbase](#) to see etc ...

Do not forget [Game Masters Official](#) has access to classified, confidential data relating to all current, former FusionFall affiliates (e.g. [FusionFall Universe](#)), developers, members & has a vast network of [alts](#), [informants](#) dormant in your Discord servers. Along with a multitude of screenshots ready to be posted to [Twitter](#), [Tumblr](#) other additional domains (you'll find out soon enough similar to our disabled subreddit feeds). Showing the entire world the public, private chat logs, messages certain cynical, malicious, controversial figures have posted on Discord through various entities, individuals e.g. [Exonaut Extended Support](#) ([Project Exonaut](#)), [FusionFall Wikia](#), [FusionFall Rebirth](#) ([ReSpawn](#)), [FusionFall ReStart](#), [FusionFall Rewritten](#) ([MineCraft](#)), [Heroes Extension](#) ([FusionFall Heroes](#)), [4F: FusionFall For Fun](#), [Heroes Protocol](#), [Przzy's SubClub](#), [OpenDaisy](#), [OpenRetro](#), [OpenFusion](#), [Retrobution](#), [Worlds Collide](#) alias [Saturday Morning Invasion](#) etc ... Guess certain cynical, malicious naysayers (members in the [FusionFall fanbase](#)) will have to learn the hard way when information via Discord is exposed on additional

alternative feeds ...

Disclaimer - FusionFall Central Official would like to inform [Adult Swim](#), [Cartoon Network](#), [Disney](#), [Nickelodeon](#) including Warner Media associates that certain groups/teams (entities, individuals) are using their properties (licenses, copyrights) other

miscellaneous TV series fictional characters in their games, artworks, media other

miscellaneous creations (activities) {without their consent, authorization} etc

FYI - You can comply with our mandated requests to resolve this matter (including avoiding the publication of your media, chat logs via your Discord servers on vast tabloids) by sending emails to Google, YouTube associates (basically retracting the imposed copyright claim strikes on our [FusionFall Central Official](#) YT feed since certain media is deleted in advance [@TomTheHuman](#)) vice versa issuing a formal apology for starting feuds with [FusionFall Central Official](#) ([Game Masters Official Central](#)) staff & choosing to flag our videos to spite, harass our founding members etc. We've already come to terms 1-2 months ago with [@tomthehuman](#) alias [Tom Clark](#) web developer based in Sweden etc. He submitted his copyright claim (infringement strike) request(s) we deleted the remaining videos regarding the [Heroes Protocol](#) (illegal FusionFall game being developed discreetly using various [FusionFall Heroes](#), [Cartoon Network](#) assets) etc. YouTube didn't give us the collective 90 days for the copyright strikes to be cleared for good off our YouTube channel (according to their stated policies). Nor did we ([Game Masters Official Central](#) the staff who operate [FCO feed](#)) have the means to communicate w/ [Tom Clark](#) alias 'Tom the Human' who blocked us on social media out of spite, willful ignorance etc ...

Our founding member 'AlphaSpartan' via Discord attempted to reason with [Tom Clark](#) alias '[Tom the Human](#)' 1-2 months ago approximately via Discord his gaming server titled: '[Heroes Protocol](#)' & our Swedish rival chose to blatantly ignoring AlphaSpartan's remarks, dismissing him while insulting him with slurs instead of being civil using common sense to resolve a silly trivial matter etc. Unfortunately the following devs/members of the fan-game/project titled '[FusionFall ReStart](#)' e.g. [Citrus Cryptid](#), [Elven Lord](#), [Jordan Mistical](#) etc chose to capitalize on an unfortunate situation sending copyright strikes on media that was active for months on our [FCO YT](#) channel (*reference the 2nd paragraph vice versa noted attached files/chat logs*). If they really felt concerned felt ill will (annoyance) regarding the matter they should've complied submitted warnings, copyright strikes regarding their '[FF Re:Start](#)' gaming videos (*using*

pre-existing, modified newly created Cartoon Network assets) months ago initially (as stated in the attached files/screencaps meaning [Jordan Mistical](#) & his associates could've filed a [cease & desist notice](#) last year prior to [Dec 2022](#)). Instead of being dramatic, useless, pitiful cowards trying to be discreet & opportunistic thinking we wouldn't discern their true malicious intentions etc.
