

| RTW Description | Roma Surrectum Description | Roma Surrectum Climate Group | Summer Precipitation | Winter Precipitation | Summer Temperature | Winter temperature | Ground Cover Summer (texturing) | Ground Cover Winter (under snow layer) | Forest Type | Climate Map colour |
|--------------------------------|----------------------------|------------------------------|------------------------------------|----------------------------------|--------------------|--------------------------------------|---------------------------------|--|---|--------------------|
| Temperate Continental Climates | | | | | | | | | | |
| Alpine | Boreal / Alpine | 1 | Humid - Light snowfall is possible | Extreme snowfall | Cool | Very cold | Dark moss green | Brown | Coniferous | |
| Sub Arctic | Mixed forest | 1 | Humid | Heavy snowfall | Warm | Very cold | Green | Brown | Pine trees mixed with some birches. | |
| Temperate Deep forest | Continental | 1 | Humid | Medium to heavy snowfall | Warm | cold | Green | Brown | Predominantly oak forest | |
| Temperate Fertile Grassland | Steppe | 1 | Dry | Medium snowfall | Warm | cold | Yellow-Green | Camel | Predominantly birch forest | |
| Maritime Climates | | | | | | | | | | |
| Temperate Forest Open | Maritime | 2 | Wet | Wet - Light snowfall is possible | Warm | Around zero °C or just above zero °C | green | Brown-green | Predominantly beech forest | |
| Test Climate | Mediterranean | 2 | Dry | Wet | Hot | Cool | Olive -green | Green | Mediterranean / dense shrubland | |
| Arid Climates | | | | | | | | | | |
| Semi Arid | Semi-Arid | 3 | Dry | Dry | Very hot | Warm | Light brown | Light brown | Palm/sparse shrubland | |
| Sandy Desert | Sandy Desert | 3 | Very dry | Very dry | Very hot | Warm | Sandy brown | Sandy brown | None | |
| Rocky Desert | Rocky Desert | 3 | Very dry | Very dry | Very hot | Warm | Sandy brown | Sandy brown | None | |
| Transition Climates | | | | | | | | | | |
| Swamp | Temperate desert | 1-3 Transition | Very dry | Light snowfall | Hot | Cold | Sandy brown | Beige | Xeric shrubland | |
| Highland | Arid Highland | 1-3 Transition | Dry | Light to medium snowfall | Warm | Cold | Light brown | Camel | Cedar trees mixed with some oaks and junipers | |
| Temperate Infertile Grassland | Savanna | 2-3 Transition | Dry | Dry | Very hot | Warm | Yellow-green | Yellow-green | Shrubland | |
