

2020 Fellows Workshop Cosmic Best Practices Notes

Primary goal of virtual workshop is for this summer. Face-to-face is best learning environment. This is not a substitute. What opportunity does this offer.

Shift from detector to experiments using e-Lab to do experiments earlier in workshop

Nate

More guided inquiry lessons using existing data and e-Lab

Kevin

More tiered lessons from beginning to expert users

How to maintain engagement in virtual setting

Survey ahead of time to assess level of expertise - talk to Lead teachers and Mentors

Ask specific questions about expertise

Elisa -

Can we offer virtual workshops to Center(s) or even across Centers

Perhaps a week-long workshop, part local center, and part with one or two other centers.
