- C.O.D - Shooting
- Victim - Antonio Rosales (43 years old)
- Suspect(s) - Maximilliano Perez (28 years old), his brother Luis Angel Perez (26 years old). Girlfriend of Luis, Jasmine Macias, suspected of accessory.
- Details - The shooting occurred during a family gathering for a birthday party, after a fight between people broke out and gunshots were fired. A wild bullet struck Rosales in the chest, fatally wounding him, and 2 others were also injured by gunfire. Rosales was from Chicago, and he had been at the party for his cousin and to visit other family, and was likely not involved in the fight. The two male suspects were brothers of each other who had fled country by the time they were identified, with the help of one of the man's girlfriends. She ended up being arrested and charged accessory. Phone records show she had been discussing the best ways to get flights to Mexico. Several months later near the end of the summer, Mexico authorities captured the two murder suspects.
