MONDAY	**TUESDAY-SUNDAY**
Week 10 11/9-Class	• *<u>If you did not do so in class,</u>* look through your sorted groups for both the A side and the N side, and select the best 3 groups for each side. Then select the best side and make those 3 groups your PROOFS. Finally, within those groups, select the best 3 members to become your SUB-PROOFS. (Note: Watch the 11/2 Class video if you need help.) • Complete pages 25-26 in your Workbook. • Complete the "II. Proof" section of your outline (using keywords), following the Outline template on pg. 28. • Write rough draft paragraphs for each of your proofs. Remember that each proof has its own paragraph, and each paragraph should have 4 sentences: proof sentence, sub-proof 1 sentence, sub-proof 2 sentence, sub-proof 3 sentence. <u>Bring to Class on 11/9:</u> ☐ Student Workbook with pgs. 25-26 completed ☐ Outline for the Roman numeral II (Proof) section of your Essay 2 Outline ☐ Rough draft proof paragraphs to hand in
Week 11 11/16-Class	• Add the Amplification section to pg. 27 and to the outline template on pg. 28, as shown in the attached pictures. • Finish your Essay 2 outline, following the outline template on pg. 28. Remember that any word with NO asterisk after it should appear in your outline. Any word that DOES have an asterisk (*) after it, use the specific info for your essay. • Write a rough draft introduction & conclusion.
