

PokerStars is announcing that the European Poker Tour (EPT) Prague will be held at the Hilton Hotel Prague from March 5-16, 2022.

With player and staff comfort and health a top priority, PokerStars previously decided to postpone EPT Prague 2021 in line with the ongoing situation in the Czech Republic and local government guidelines. We have decided to move our much-loved EPT stop to March, when we want to run a safe and enjoyable event for the PokerStars community.

The PokerStars European Poker Tour Online runs from December 8 to 19. Open to all players in COM.

Severin Rasset, Managing Director and Commercial Director of PokerStars, said, "We are delighted that we have been able to adapt very quickly to the ever-changing situation and provide players with the fun and value of EPT Online during the time as well as the new dates in EPT Prague already. A great thank you to our partners at King's Casino and Hilton Prague for working with us to help us find alternative solutions to the event."

"We know there's a huge demand from the PokerStars community to see our live events come full circle, and we're excited to do that, but we need to be flexible along the way to ensure players stay safe and healthy, and the experience is unforgettable for all the right reasons. We understand the impact of not running these events on our players and staff, and we hope the upcoming EPT online series will provide a pleasant alternative to players this December. We have also committed to all live event staff affected by the postponement from EPT Online to allocate \$100,000."
