

Get my honey/money hot (?)

*(I'm manipulated, {Harsh manipulators}
Slip beneath the surface,
Wheels that disconnect us,
Blame the generation,
Scumbags of the earth,
They occupy the future,
I'm melting x(on the threat of a war?)
Oh whoa oh ahh)*

I'm manipulated {Harsh manipulators,]
Slither in the desert,
Wheels that disconnect us,
Blamed degenerate,
Scumbag of the ugly,
Occupy the future,
(i melted under pressure?)
Oh whoa oh ahh

You hide behind a name and that is ?? fine fine fine,
You bleed just like a coward, run run run,
You claim to have a vision but it's mine mine mine,
Apocalypse is coming for you, that's right,
And so before you find it it's fine fine fine,
My future without murders and knives knives knives,
A shake to be your baby/friend is fine fine fine,{ashamed to be your friend but it's fine]
Someday you'll die alone in a fire fire fire.

Get my x,
Get my x,
Get my x,
Get my x,
Give my honey hell,
Give my honey hell,
Give my honey hell.

*(I'm manipulated, {Harsh manipulators]
Slip beneath the surface
Wheels that disconnect us
Blame the generation
Scumbags of the Earth*

*They occupy the future
I'm melting on the x
Oh whoa oh ahh)*

I'm manipulated, {Harsh manipulators,
Slither in the desert,
Wheels that disconnect us,
Blamed degenerate,
Scumbag of the ugly
Occupy the future,
I killed another person,
Oh whoa oh ahh
