

Using Google Form for Recording and Collecting Behavior Incident Report Data

A template of the BIRS form on Google Form is provided via this link: [Google Form](#)

Once you land on the Google Form, you will need to sign into Google if you are not already signed in. Once signed in, click on the 3 vertical dots in the top right corner to make a copy of the form.

The image is a screenshot of a web browser displaying a Google Form. The browser's address bar shows the URL: https://docs.google.com/forms/d/1cX9GpKvV085/2TAMF-nfU-sBqj/h2p0aCuAbGd9/edit. The form itself is titled 'Behavior Incident Report Form TEMPLATE' and is associated with the 'National Center for Pyramid Model INNOVATIONS'. It features a logo with three curved lines in yellow, orange, and green. The form contains three main input sections: 'Classroom ID' with a 'Short answer text' field, 'Child ID' with a 'Short answer text' field, and 'Month' with a dropdown menu showing '1. January' and '2. February'. On the right side of the form, there is a vertical toolbar with icons for undo, redo, copy, paste, and other editing functions. In the top right corner of the form interface, there is a 'Send' button and a menu icon consisting of three vertical dots, which is highlighted by a red rectangular box. An orange arrow points from this menu icon towards the top right corner of the browser window.

You will rename the Document and save it to the Folder of your choice. Once you've saved it to your Google Drive, go to your Drive and open your form.

The YouTube video [here](#) will show you how to use the form including how to save this form to your Drive. This video will also show you considerations for creating your own form if you prefer.

If you have any questions or issues accessing the form or the YouTube video, please email Myrna Veguilla at veguilla@usf.edu.
