GENERAL INFORMATION

This is a journey that is created to weave a beautiful experience for DUP practitioners to deepen their knowledge about some of the original roots of DUP. Iran is a country with ancient history and wonderful unknown potential youth energy for DUP. We try to create the best experience for all of us, also we would like to inform that this is a friendly invitation and it does not behave as touristic agency services.

In September 2018 the first caravan of Dances of Universal Peace in the Middle East made its journey through Anatolia (Turkey). Beautiful spiritual practices from Middle East based in sufism and DUP practice have been blended through this journey.

Already under the influence of this journey 8 new dance leaders from Middle East joined the family of DUP and continuously circles of dances are happening . In order to support and deepen more into sharing wisdom of both sides this year a caravan to Iran is being introduced.
