

6th Grade Outdoor Education at Camp Tecumseh, Sept. 11 and 12

Foundations for Success Overview:

Building Future Leaders Starts Here

The world's most influential people didn't achieve success through sheer luck. Instead, they mastered a number of key skills that help them make decisions, navigate complex issues, and harness the power of the group.

In the Foundations for Success program, students are introduced to five of those key skills: **leadership, trust, communication, problem-solving, and self-confidence**. Through a number of challenging, team-oriented activities, students will utilize these foundations in ways that will benefit them both inside the classroom and out.

Every activity encourages students to apply the five foundations in creative and insightful ways. In Camp Tecumseh's outdoor classroom, students are challenged to negotiate tricky group dynamics, solve complex puzzles, and think on their feet while developing empathy for others.

WE NEED PARENT CHAPERONES! If you are interested in attending this field trip with your child, please do the following.

1. Be sure to do the criminal background check for volunteers. That link can be found on the Corporation website. The fee is around \$15, but it might be more if you have lived out of state recently.
<https://secure.safevisitorsolutions.com/Safe/Volunteer/003402/vol>
2. Consider attending a workshop at Camp Tecumseh! This will better prepare you for the trip, and it is fun to experience what the kids will learn first-hand. The dates of the workshops are to be announced, and this is not mandatory in order to be a chaperone.

Send any questions or concerns you have about Camp Tecumseh to Jessyca South.
