A natural statement piece for every room

Woven dome pendant lights crafted by IndochinaLight stand out for their striking shape and handwoven textures. Inspired by traditional weaving techniques found throughout Southeast Asia, each dome light is made using sustainable rattan or bamboo, giving it an earthy aesthetic that brings nature indoors. Whether placed over a dining table, in a cozy reading nook, or in a high-ceiling hallway, the dome shape casts a soft, downward glow that enhances the intimacy of the space.

The versatility of the dome design lies in its ability to balance style and function. IndochinaLight's artisans prioritize quality, ensuring that each piece not only looks stunning but also provides practical, durable lighting for daily use.

Why choose a woven dome pendant light from IndochinaLight?

- Carefully handwoven by skilled Vietnamese artisans with attention to detail
- Made from eco-friendly materials like rattan, bamboo, and wicker
- Each piece offers a unique grain, color tone, and weave pattern
- Available in various diameters to suit intimate corners or expansive rooms

Enhance interiors with texture and shadow

The distinctive woven pattern of dome pendants allows light to pass through in delicate, organic shapes, casting subtle shadows on the surrounding surfaces. This play of light and shadow adds character, especially during evenings when warm lighting creates a relaxed, welcoming mood. IndochinaLight designs take this further by combining various weave densities and dome depths to create subtle variations in glow and coverage.

Timeless elegance with a handmade soul

Every woven dome pendant light from IndochinaLight reflects traditional artistry with a contemporary twist. They're not just lighting fixtures — they're conversation pieces that reflect a connection to heritage and sustainability. Whether you're decorating a tropical-themed home, a Scandinavian-style interior, or a boho café, these dome lights bridge cultures and aesthetics seamlessly.

IndochinaLight ensures their collections offer not only beauty but also ethical value, sourcing materials responsibly and supporting local craft communities. The woven dome pendant light, in its simplicity and organic charm, brings harmony to interiors seeking authenticity and natural grace.
