

Your Child Deserves More Than a One-Size-Fits-All Approach.

Private child care programs in Colorado offer something the school district simply cannot—personalized, whole-child care designed around your family.

✓ Private Child Care Programs

- **Individualized** learning plans tailored to your child
- **Flexible hours** that work around your family's schedule
- **Smaller group sizes** for more one-on-one attention
- **Relationship-based care** from consistent, trusted providers
- **Holistic development:** social, emotional, cognitive, and physical
- **Technology support** like EFgo assessments and **Storyline by playtag.ai** advancing your child's development with high safe high tech innovations

✗ School District Programs

- **Standardized curriculum** applied to all children
- **Fixed schedules** tied to the school calendar
- **Larger class sizes** with limited individualized time
- **Staff transitions** between grade-level programs
- **Academic-only focus** with limited social-emotional support
- **Limited access** to specialized assessment tools
- **Slower adoption** of innovative learning technologies

“The best start isn’t always the closest one.”

School districts are convenient—but convenience isn’t the same as quality. Private child care programs are licensed, qualified, and deeply invested in your child as an individual. We know their name, their laugh, their learning style. That’s the difference.

ASK YOUR PROVIDER THESE QUESTIONS

- Do you use data-driven assessments to track my child's growth?
- How do you individualize learning for each child?
- What is your staff-to-child ratio?
- How do you communicate with families about progress?
- Are you using innovative early learning tools or technology?
- How do you support social-emotional development?
- What qualifications do your teachers hold?
- Can I visit and observe the classroom?
