Audio Description

All events will have live Audio Description.

Our audio describer, Mo Harte, will be watching the show and describing what's happening live on stage.

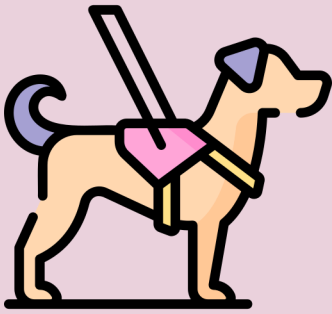

She will describe things like costumes, what the stage looks like, and how people perform.

To listen to this commentary, you can borrow a headset from the box office before the event.

This is a small device with an ear piece.

You can control the volume to suit your needs.

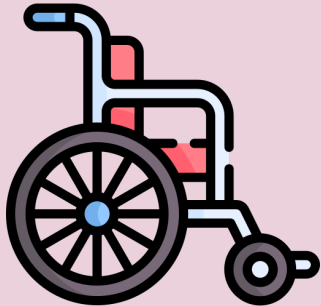

These are free to borrow from box office.

Guide Dogs

Guide dogs can attend performances.

If you need water, you can ask at box office.

Relaxed Performances

There will be a **relaxed approach** to movement and noise.

During events you will be able to leave and re-enter, tic and move around.
