

Let's talk perspective

Introducing
Beyond the Behavior
An interactive workshop for teams

Challenging behavior can leave even experienced educators and professionals feeling stuck.

Host a workshop and empower your staff with insightful, child-centered techniques **so they can address complex behavior with clarity, confidence, and compassion.**

Presented by
Ariella Aharonof, MEd, BCBA, LBA
Behavior Consultant

Overview	
PART 1: THE TECHNIQUES Why is this child acting out? Learn to interpret negative behavior to reveal the motives behind the actions What does this child need? Learn to create practical strategies to address those individual needs	PART 2: THE DEMONSTRATION What challenges are you facing? Ask pressing questions about current behavioral situations How can you apply the new techniques? Brainstorm solutions with Ariella and experience the process in action

Ariella Aharonof, MEd, BCBA, LBA, is a behavior consultant with over a decade of experience working with children. Using a custom blend of special education, applied behavior analysis, and psychology techniques, she guides dedicated educators and professionals to uncover the root causes of negative behaviors and find practical, effective solutions to address those underlying needs. All with a loving, child-centered approach.

Pave the way for behavioral breakthroughs

Bring Ariella's workshop to your school, agency, or organization
