**YUSD - Yosemite High School
Community Schools Advisory Council
Meeting Minutes**

October 22, 2024

- **Welcome and Introductions** - Attendees were welcomed and time was given at the beginning of this meeting for everyone there to introduce themselves to the group and give an understanding of their interest in being a part of this site-specific advisory council for Yosemite High School. The following people were in attendance:
 - Denise Mathe - dmathe@yosemiteusd.org
 - Amber Goslee - agoslee@yosemiteusd.org
 - Tony Misner - tmisner@yosemiteusd.org
- **Review of Minutes from [8/27/24 Meeting](#) - Due to the lack of attendance, review minutes in detail - then provide time for Questions/Comments/Clarifications** - The group took the time to review the minutes.
- **Parent/Student Workshops - Calendar & Brainstorm** - The group that was there was presented with a planning sheet which can be found [here](#) in these meeting minutes. Denise Mathe is using this document to plan and record all Community Schools related activities throughout the various sites. She presented a fairly blank copy to the group as part of the agenda packet and asked for feedback on what types of activities/events could be held this year both during the school day (for students) and in the evening potentially in a shared location (for parents in our district as a whole). I think the idea would be to share these “parent night” workshops with all parents in our district and hold them either virtually or with an in person option at the YUSD Adult School if possible. Denise Mathe explained that she held the first type of parent workshop like described above on Wednesday, October 2, 2024. Several ideas that came up at the Rivergold Community Schools Advisory Council held 10/3/24 were shared by Denise Mathe and will be listed below:
 - Ideas for Student Workshops at RES:
 - World Mental Health Day (already planned and scheduled for October 10th) - School site psychologists worked with Denise Mathe to develop activities teachers could do with their students on this world recognized day. The office also held a school wide scavenger hunt that same day. Details of this event are listed in this linked flier which can be found [here](#) in these meeting minutes. **Please Note:** A similar email was shared with teachers at YHS. The only differences were that the videos and activities were geared toward high school students and there was no school wide event that happened like at the K-8’s.

- BMX - Anti-Bullying Rally/Assembly (already planned and also scheduled for October 10th)
 - BIG Smiles - Mobile Dentist (already planned and scheduled for December 5, 2024. **Please Note:** YHS and Ed.Opts. students are invited to participate in the BIG Smiles dental event which is scheduled to take place on December 6, 2024 at YHS.
 - Idea for a Money Workshop - possibly ask Terry Rich if he could hold such a workshop with his “Myself in 10-15 years” activity he already does with his math classes. **Please Note:** It was discussed that a workshop like this could be beneficial at the highschool level as well.
 - Idea for an On-line Safety Workshop came up in the discussion. **Please Note:** It was discussed that a workshop like this could be beneficial at the highschool level as well.
 - Idea for a “Break-the-Barriers” Multicultural Days later in the year also came up in this discussion. **Please Note:** It was discussed that a workshop like this could be beneficial at the highschool level as well.
 - Idea for a Fire Safety Workshop to be planned where we talk to kids about how to use a fire extinguisher, how to develop a house safety plan, as well as a family evacuation plan. The thought was that this might be good to present closer to May as the weather will warm up again at that time of year. **Please Note:** It was discussed that a workshop like this could be beneficial at the highschool level as well.
- Ideas for Parent Workshops at YHS Adult School:
- Idea for an Aeries Workshop came up in our discussion. The thought was that maybe a committee could be put together to further this along. **Please Note:** It was discussed that a workshop like this could be beneficial at the highschool level as well.
 - Idea for a Money Workshop to be held the same month as the Money Workshop for kids. This one would be geared towards parents though, and could include ideas that might help parents with budgeting, etc. **Please Note:** It was discussed that a workshop like this could be beneficial at the highschool level as well.
 - Idea for a “Work Day” during one of our holiday breaks (maybe in February) where parents and families come together to work on some of the beautification projects we have on our campuses. We could call it something like “SERVING YUSD - Beautification Week”. **Please Note:** It was discussed that a workshop like this could be beneficial at the highschool level as well.

- Idea for a Gun Safety workshop came up in our discussions.
 - Idea for an SPCA - Cat Adoption Day came up as this is an organization that might enjoy partnering up with us. Judy Weiss volunteers for SPCA and might be a good resource for something like this.
- **Angel's Closet - Other Community Needs** - We tabled this discussion as Amber and Denise plan to go see where Angel's Closet is located on campus soon. Due to the lack of participation in today's meeting, we will have this on a future agenda so as to get more input from other members.
- **Assigning Committees: Assigning Committees** - DUE TO A LACK OF ATTENDEES - THIS AGENDA ITEM WILL BE TABLED UNTIL NEXT MEETING
- **Break-out into Committees (30 minutes)** - DUE TO A LACK OF ATTENDEES - THIS AGENDA ITEM WILL BE TABLED UNTIL NEXT MEETING
- **Review of Any Action Items (both main meeting & break-out committee time)Main Meeting:**
 - ★ Denise Mathe plans to meet with Amber Goslee to tour the Angel's Closet on campus in the hopes to better understand how that program runs.
- Community Outreach for Integrated Supports Committee:**
 - ★ TABLED UNTIL NEXT MEETING
