Dear Big Hit,

Subject: Negative Comments about Taehyung and Jimin

I hope this message finds you well. I am reaching out to report a concerning situation regarding a Twitter (X) account that is making negative comments directed at Taehyung and Jimin. This account has been mocking their work, throwing hate, and undermining all the effort they put into their art.

It is crucial for the company to protect the image and name of its artists by combating this kind of hate that aims to harm Jimin and Taehyung. These comments are not only disrespectful but also create a toxic environment for the community.

Thank you for your attention!

Sincerely,
