EDUCATIONAL PROGRAM FOR THE GIFTED AND TALENTED

1. The CSD 13 School Board is committed to a K-12 educational program which recognizes and responds to the unique abilities of each student. Providing for students with special academic, intellectual, or artistic aptitude shall be a part of the school program. While the regular program of instruction is supportive of gifted students, their exceptional needs may require additional and special services.

2. The Special Services Director shall be responsible for establishing procedures for the identification of students for these programs, for the development of programs and for the development of the annual gifted/talented plan to meet the needs of identified students as specified in Chapter 104 of Department of Education rules.
