To whom it may concern:

I am writing to demand that you intervene in the harassment and retaliation against Stephen Wilson (LB8480) at SCI-Fayette by Officer Digiacoimo and the hearing examiner. Stevie was railroaded to the RHU on a fabricated infraction by Digiacoimo as retaliation for using the grievance process, denied the right to call witnesses (including the person who he allegedly "threatened"), and is now being held in the RHU indefinitely. Stevie has already been in the hole for over 30 days, which violates his C code limit. He could potentially spend months in solitary while awaiting transfer.

I am urging you to:

1. Release Stevie from the hole immediately.
2. Expedite his transfer.
3. Speak with the person who was said to have been threatened, and other witnesses on the block who have volunteered to testify, but who have been ignored by prison officials.
4. Throw out the writeup, which is a complete fabrication and which could impact Stevie's parole bid.
5. Return Stevie's partial denture, which he has been without for over 2 months.

Regards,
