

1. What is Struct Finance?

Struct Finance is a DeFi platform offering structured financial products tailored to the risk-return profiles of retail and institutional investors. Launched on Avalanche in July 2023, we specialize in liquidity solutions and are expanding into derivatives.

2. What Are ASC20 Inscriptions?

ASC20 Inscriptions are unique digital collectibles on the Avalanche network. They represent a new chapter in crypto collectibles, seamlessly integrating with the Struct Finance ecosystem.

3. How Does Struct Finance Align with the Inscriptions Community?

As the first Avalanche native DeFi protocol to introduce Inscriptions, Struct Finance is positioned to bridge the gap between cutting-edge financial products and the dynamic Inscriptions community. Our initiative is designed to provide substantial benefits to ASC-20 Inscription holders, thereby contributing significantly to the enrichment of the entire Avalanche ecosystem and the [Avascriptions](#) initiative.

4. What Exclusive Rewards Await Inscriptions Holders?

Struct Inscription holders are set to receive exclusive rewards, including airdrops of our upcoming tokens scheduled for release in Q1 2024. This dual-asset advantage includes both the intrinsic value of the inscription and the added benefit of the token airdrop. Holding these inscriptions amplifies influence your share in the airdrop, adding an element of equitable distribution to our loyal community members. ur stake in our community's success and growth. The proportion of your Inscriptions will directly in

5. When and How Can I Participate in the Struct Inscriptions Launch?

We will soon deploy our official Inscriptions with a fair launch. Information about minting and buying from the secondary market will be released soon on our Inscription related channels.

6. Struct Finance's Investment and Security Credentials

Struct Finance is backed by 24 VC investors, including Bixin Ventures, Blizzard (Avalanche), FBG Capital, Lucidblue, QCP Capital, Wintermute, and others. We raised \$3.9m USD in April 2022. Our security partnership with Slowmist ensures the highest standards of safety and reliability.

7. What's the Future of Struct Finance in the DeFi Ecosystem?

Committed to leading the DeFi revolution, we're launching Trader Joe Auto-Pool Vaults, working on derivatives solutions. Additionally, we are exploring the potential of inscription-related products, aligning our growth with the evolving needs of the DeFi market and our community.
