Guidelines for Book Reviews

1.1. Book reviews should have a maximum length of **1,500 words** and must focus on **a single published work**.

1.2. Authors must prepare their manuscript using the **Book Review Template** available on the journal website. Please ensure that you download and use the specific template for reviews rather than the article template.

1.3. Manuscripts must be submitted in **Microsoft Word (.doc or .docx)** or a compatible editable format.

1.4. The review text must be written in **Corbel, 12-point font**, with **1.15 line spacing**. The formatting provided in the journal template should be maintained throughout the document.

1.5. The first page must include the complete bibliographic information of the reviewed work, including:

- Title of the book;
- Author(s) of the book;
- Publisher, place of publication, year, and total number of pages;
- ISBN.

1.6. Book reviews should provide a **critical and analytical assessment** of the work rather than a purely descriptive summary. Authors are encouraged to discuss the book's main arguments, contributions, limitations, and relevance to the field.

1.7. Section headings are optional and may be used at the reviewer's discretion.

1.8. If quotations from the reviewed book are included, the corresponding page number(s) must be indicated in the text (e.g., p. 25; pp. 25–27).

1.9. A reference list is not required unless works other than the book under review are cited. In such cases, full bibliographic references must be provided at the end of the manuscript following the journal's APA style guidelines.

1.10. For matters concerning quotations, italics, punctuation, references, and other stylistic conventions, authors should follow the general formatting guidelines established by the journal.

Direct Quotations

Short quotations (three lines or fewer) should be incorporated into the main text and enclosed in double quotation marks (" "). The corresponding in-text citation must include the author, year of publication, and page number, following APA style.

Long quotations (more than 40 words) should be presented as a separate indented block. Leave one blank line before and after the quotation. The quotation should be formatted in Corbel, 11 pt**,** single line spacing**,** with a left indentation of 1.5 cm, and without quotation marks. The corresponding APA citation (author, year, and page number) must be provided after the quotation.
