

Complete Guide to Using VinBank.vin

Introduction

VinBank.vin is a **decentralized banking platform (DeFi)** built on the VIC blockchain, allowing you to:

- ☒ Deposit VIN to earn 5% annual interest.
- ☒ Borrow VIN up to 70% of your deposited amount at 7% annual interest.
- ☒ Never face liquidation risks — fully transparent and safe.

Prepare Your MetaMask Wallet

Step 1: Install MetaMask

- Install MetaMask on your Chrome browser or mobile device.
- Create a new wallet or restore your wallet using your seed phrase.

Step 2: Add the VIC Network to MetaMask

- **Network Name:** Viction
- **New RPC URL:** <https://rpc.viction.xyz>
- **Chain ID:** 88 (or 0x58)
- **Currency Symbol:** VIC
- **Block Explorer URL:** <https://vicscan.xyz>

- ☒ Once added, select the **Viction** network in MetaMask.

Get VIN Tokens

Step 3: Buy VIC

- 1] Use **fiat (e.g., USD or VND)** to buy **USDT** on the MEXC exchange (or Binance).
- 2] Swap USDT for **VIC** directly on the exchange.
- 3] Withdraw VIC to your MetaMask wallet (Viction network).

Step 4: Swap VIC to VIN

- 1] Open **vinswap.vin** in a browser connected to MetaMask.
- 2] Click **Connect Wallet**, select MetaMask, and sign to confirm.
- 3] Swap VIC to VIN.

Start Using VinBank.vin

Connect Your Wallet

- Open **vinbank.vin** in the MetaMask browser.
- Click  **Connect Wallet**, select MetaMask, and sign to confirm.
- Once connected, you'll see your wallet address, VIN balance, and VIN price.

Deposit VIN

- Enter the amount of VIN you want to deposit.
- Click **Deposit** and confirm the transaction in MetaMask.
- Start earning 5% annual interest.

Borrow VIN

- After depositing, click **Borrow 70%** to borrow up to 70% of your deposited VIN.
- Confirm the transaction.
- The borrowed VIN will be sent directly to your wallet.

💡 You will **never face liquidation** since the platform is designed to ensure deposit interest always covers the loan.

Repay Loan

- Click **Repay**, and the system will automatically calculate the total amount due (principal + interest).
- Confirm the transaction in MetaMask.

Withdraw VIN

- After repaying your loan, click **Withdraw** to withdraw your original deposit and accrued interest.
- Confirm the transaction.

Check Your Account

- Click **Refresh Summary** to view details such as:
 - Deposited VIN
 - Earned interest
 - Borrowed VIN

- Accrued loan interest
- Total repayment amount

Important Notes

- You must **repay and withdraw your current position** before opening a new one.
- Always keep enough **VIC** in your wallet to cover network gas fees.
- All transactions are executed **directly on the VIC blockchain**, and cannot be reversed or edited.
