

**Comparative Medicine Institute**  
**2026-2027 CMI Honors Research Pathway Mentors**  
**Program Application**  
**Due: April 24th, 2026**

**Criteria:**

1. The Associate Member(s) (AM(s)) will form a collaboration between two CMI full member labs. The collaboration has to be interdisciplinary. Two types of projects can be proposed:
  - a. Two or more AMs from different labs putting together a joint proposal.
  - b. AM(s) linking two or more labs to a full member (clinical or non-clinical). This is designed for those CMI labs that do not have AMs.
2. Associate Members will present a grant proposal that would be completed by an undergraduate research student during academic year 2026-2027
  - a. The Associate Members will be considered PIs on the grant proposal along with their faculty mentors as co-PIs.
