

[Do you want viralese for a four figure sum every month?](#)

In this plan if you do nothing you don't get paid.

If you follow the plan you make money.

The main idea is to create movement. If movement is perpetual the money will come in no matter what.

Go to my Facebook page and post this link.

Here is the link to post

<https://www.realppvtraffic.com/a/aff/go/againrepeat>

Next go on instagram and look for my profile: 4dpupus

Give me a follow and it will lead others back to this page.

Go to my free adboard and post the link.:

<https://cashnhits.info/riseandshine>

Wait 24 hours then you can post any link of your choice.

Use the free adboard to post blogger links and Google doc links as they are not accepted elsewhere.

Remember to pay £1.80 [Here](#)

If you do the steps above, £1.80's will start to flow.

The more money you want the more you must post.

Do it 3 days apart.

I put an offer on the previous page but with this system everything is incidental.

The odd commission here and there will help. I understand not everybody will buy the product But those that do will help us greatly.

Now your income is determined by a 30 day period. Whatever money comes in I will add up and work out your returns from there. Since we work on doubling your returns for the month you should put your all into it to get the most out of it.

This is the source page. People need to get back there:

<https://mygudfren.blogspot.com/2025/03/pre-job-work.html>

Make sure to post this on your facebook page.

Now the £1.80 at the beginning is more immediate than any sale from the link product.

If you really want to make this lot bigger go to the source page and purchase my book.
I will have more scope to invest and then I can show you some more ways to build the system.

Here are some resources to advertise the resource link above:

<http://herculist.com>

<http://herculist.com/members/index.php.cgi?bicapet>

Those two links above will accept blogger.com pages.

You know a lot of people will come here, read and go to the shiny objects territory.

Do you want to see results everyday? Results everyday only come from activity.
Yes you are helping me to get hits to my site. I thank you and love you very much for that.
If you do all the posting I suggest I should see a lot of Paypal money coming my way.

I want to be able to give you a guarantee. I will promise you £1000.00 if you purchase my book.
If you do all the activity and make sure you post regularly it means you should be receiving regular payments from me.

What does regular payments mean for myself and you?
I work offline and I do generate an income that way.

It simply means I can use more of my income to make sure you get money.
I have been on the internet for over ten years. Now this system can work to bring in some serious money.
If you do the work we can begin to leverage income in ways that you have never seen before.

I do not spend endless hours surfing. I take note of what is being offered out there.
Being able to generate income I make a lot of purchases and then it means time gathering information and methodologies.

The masters out there make you do a lot of work in return for nothing.

Don't you want to see money coming into your domain for a change?

If you see products offering you lots of traffic and it has anything to do with chat Gpt or Ai.

It means a lot of work despite all the hype. I have learned my lesson.

If you follow the common mantra the money is in the list then it means autoresponder etc

More time and expenses being wasted.

This is direct and money comes in faster.

If 100 entries come in that is £180.00 that can do a lot of work. If 1000 entries come in that is £1800.00.

That can move mountains.

If we make 50 to 100 per day that is good movement.

Then let's get real and work the system so we can make our dreams come through.

There is more you can do for us to secure more wealth.

You can duplicate this page. The only thing you must not change is the paypal link.

This is the paypal link:

<http://www.paypal.com/asimplesolutionGB>

Now you might be thinking this is one sided someone asking you to promote their link instead of yours.

If you promote your link you may make some money as well as not making any.

I am providing a backup you will never have doing it on your own.

Doing it this way means more domination which means more cash.

I cannot explain everything but the best explanation will be what you see in your bank account.

Let me tell you that you can be well off. Just trust the system and you won't regret it.

Later on when you start seeing the money roll in I will give you more heads up on the system.

If you are struggling with cash or cash is draining from you let me help you. I have been there and I know what it is like. Do it the way I'm suggesting. When I entered into the world of internet marketing years ago

This is how they built their businesses.

Follow along and you will be surprised. I cannot say more on that, you just have to go for it.

What more can we do so it does not look like a one way street?

I'm not going to give you an ebook. You might read it but I want you to see something tangible that will bring change.

I will only offer this to those who are active in the initial stage and who duplicates my page.

I will make sure you get a £3000.00 month.

When you qualify I will give anybody you refer £500.00 That means one person that you refer just to be clear.

Just direct message me [Here](#)

Or [Here](#)

The person you recruit must message me and identify you so I know who recruited them.

I want you to know this is not a one sided affair. It is an effective way to get more. Who doesn't want more?

I have been thinking how I could help you first off to make some money. Everywhere people want money.

Well this is the only way you can get it sooner before the system takes over.

I will give you a good deal but you have to message me on Facebook to get the paying details. Make sure to leave an email address.

I will give you 50% of what you pay in each month until you double the amount you pay in.

Now there is no counter here so I cannot see how many people are visiting this page. I will give you another opportunity to make big money from small money.

Pay the £1.80, message on FaceBook and give me your transaction ID.

I will give you 6 times your small money, £10.80. The only qualifier is you must introduce a friend. There is no time frame for that but when I am notified you will get your money. If you are lousy at introducing people then ask me for the banking details and I will release the money for £1.00.

Then I will give you 8x£1.00. You will be in profit even though it is low scale.

When you contact me on FaceBook, state; **I want it large** . For doing this small task you will get further payments provided someone else joins within 30 days.

The reason I can make this offer is because there is something unique behind this project. Take advantage it won't be there for long neither will I

That is it. I'm done. This is Cameron De Gale speaking.
