Annual AHERA Notification to all Employees and Parent/Guardians.

No asbestos containing material was used in the construction of the Vassalboro Community School

As a result of federal legislation (asbestos Hazard Emergency Response Act) the Winslow Public Schools are required to complete a stringent inspection for asbestos and to develop a plan of management for all asbestos containing building material. The Winslow Public Schools have worked diligently to be in full compliance with this law. We are determined to maintain a safe and healthy environment for all students and staff.

A copy of the Asbestos Management Plan is available in the school office. If you have any questions or concerns, please call the Superintendent's Office 872-1960.

Thank You

Cory Eisenhour
LEA Designated Asbestos Person
Vassalboro Public School
