Exercise 1 – Fill in Blanks

以下のトランスクリプトの空欄に入る語句を書き起こしてください。

Doctor: The new draft recommendations make three points.

The first point is that (1)_____.

The second recommendation is that (2)_____.

But we also make a third recommendation and that is that (3)_____.

We know that dietary risk factors are very important factors for the risk of noncommunicable disease. We have an epidemic of noncommunicable diseases. We have at the moment (4)_____.

We have a (5)_____, so it's huge.

And dietary risk factors as well as tobacco are one of the main determinants of those diseases.

If you remove the risk factors, then a lot of those deaths can be preventable.

- (1) _____
- (2) _____
- (3) _____
- (4) _____
- (5) _____
