ABOUT

Lukas Malte Hoffmann is a Finnish-based artist originally from Germany and currently living with his partner Corinna Helenelund at Pro Artibus' residency Villa Snäckesund in Tammisaari. Learning from intersectional feminism and affect theory, Lukas' practice explores the various ways that technological systems and practices are embodied.

He received a Master of Fine Arts from the Dutch Art Institute in 2020, and recently produced new work for 'Baitball 2' exhibition at Palazzo San Giuseppe, Italy (2021) 'Oasis' summer exhibition, Tammisaari (2021), and 'Midsummer Rose' installation at Outo Olo, Helsinki (2021).
