<div class="separator" style="clear: both; font-weight: 400; text-align: center;">
</div>=> Prinsip Kerja :</div><div style="border: 0px; box-sizing: border-box; font-family: times; font-size: medium; font-weight: 400; margin: 0px; padding: 0px;">
</div><div style="border: 0px; box-sizing: border-box; margin: 0px; padding: 0px;"><div style="font-family: times, "times new roman", serif; text-align: justify;">   Dalam percobaan ke-6, Arduino mengambil input dari push button yang terhubung ke pin-pin analog yaitu dari PB1 sampai PB6 dan pada pin digital dari PB7 sampai PB8. Push Button berguna untuk sumber masukan yang mengirimkan sinyal menuju Arduino. Respons yang dihasilkan oleh arduino dan ditampilkan pada layar LCD yang terhubung ditentukan oleh kondisi masukan dari Push Button. Dalam program di arduino IDE , saat tombol dengan warna merah ditekan misalnya, maka tulisan akan muncul di layar LCD yaitu Merah yang terdapat di LCD. Begitu pula Saat tombol dengan warna putih ditekan, maka tulisan akan ditampilkan di layar LCD yaitu Putih yang terdapat di LCD. Begitu juga saat tombol dengan warna hijau, biru, atau putih ditekan, masing-masing akan menampilkan tulisan yang sesuai dengan warnanya di layar LCD, mengapa sesuai dengan warnanya? nah itu karena telah diprogram di program arduino IDE yaitu </div><div style="font-family: times, "times new roman", serif; text-align: justify;">"else if(Button8==HIGH & Button2==LOW & Button3==LOW & Button4==LOW & Button5==LOW </div><div style="border: 0px; box-sizing: border-box; font-family: times; font-size: medium; font-weight: 400; margin: 0px; padding: 0px; text-align: justify;">& Button6==LOW & Button7==LOW & Button1==LOW){</div><div style="border: 0px; box-sizing: border-box; font-family: times; font-size: medium; font-weight: 400; margin: 0px; padding: 0px; text-align: justify;"> lcd.clear();</div><div style="border: 0px; box-sizing: border-box; font-family: times; font-size: medium; font-weight: 400; margin: 0px; padding: 0px; text-align: justify;"> lcd.setCursor(0, 1);</div><div style="border: 0px; box-sizing: border-box; font-family: times; font-size: medium; font-weight: 400; margin: 0px; padding: 0px; text-align: justify;"> lcd.print("Putih");</div><div style="font-family: times, "times new roman", serif; text-align: justify;"> }".</div></div></div></h1><h3 style="border: 0px; box-sizing: border-box; font-family: times, "times new roman", serif; font-size: 15px; font-weight: bold; letter-spacing: 0px; line-height: 29px; margin: 0px 0px 7px; padding-bottom: 0px; padding-left: 0px; padding-right: 0px; padding-top: 4px !important; padding: 4px 0px 0px; position: relative; text-align: justify; text-indent: -1px;">
