A project that is created by ; @AllieWi_8513 on Twitter

*Hi it's Allie here! Just a quick note; tysm to **SinnaBxns** for making this document they're literally amazing!!! And thank you to everyone who's supporting this project - I'm hoping to have it up and running in the next few days once we organise the rough layout and content that'll be in the year book :D - yooo*

this message was from me from way back in April lmaoo

Sinna here! I just wanted to give a big **THANK YOUU** to **Dawnbean** on discord for the layout and for being such a big help with the doc!<3

Hullo to any new members! This doc has a ton of info on the project so definitely read through it and consult it if you have questions or wonderings!! It is pretty long though, so make sure to check out the [table of contents](#) !

Glad you're here! - **bluwrenn**

Btw; this is the view only doc, if you're looking for the free edit doc, click the other link back in the doc access discord channel.

Roadmap

We'll update as we go - this section will have all the finalised dates for this project. We'll also post updates on the #announcements discord channel along with the fine details for each deadline, but the full list is here - past, present and future deadlines! All deadlines/'landmarks' are in UTC Time - check at the bottom of this section for conversions to other time zones!

- **22 of April 07.00 UTC** - Project Created
 - **23 of April** - Discord Created
- **23 of April 07.00 UTC** - "Enrolments" cut off - discord privated
 - **24 of April 05.00 UTC** - Twt Account Finalised
- **25 of April 02.00 UTC** - Main Uniform Designs Due (*designs were eventually adjusted in June*)

A WORD FROM US ;

Welcome to the Dream SMP School of Minecraft. You have been selected as a student of the most prestigious school for gaming and Minecraft. Here, you will grow as an academic, an athlete, a creative, and a gamer, taught by some of the best faculty and professionals from across the world.

The SMP School is divided into four residential houses, where you will stay your four years and make friends, compete in healthy rivalries, and gain experiences found nowhere else. Each house represents different personalities and ideals, and your placement is determined not necessarily by the renown of its students and alumni, but of its characteristics and values.

The oldest house of the SMP School is L'Manberg. Before the house's founding, the SMP School was a simple boarding school with no houses. The founder, then-first year teacher Mr. Wilbur Soot and current head teacher of the L'manberg house, petitioned the principal, board, and trustees of the school to establish a house system in order to create a more competitive yet still united and flourishing environment for the students. The L'manberg house represents those who are and value freedom and bravery. L'manberg's students find a deep bond of brotherhood and companionship with their fellow housemates. Notable alumni include the founder Mr. Soot, a visionary known for his strong sense of justice as well as his great singing voice, and Spanish teacher Mr. Alex Quackity. The current head student of the L'Manberg house is Tommy Innit, a senior who is not afraid to speak out loudly and fight for what he thinks is correct.

Welcome to the Snowchester house, sometimes referred to as the Snowchester Commune or Canada, is the second oldest house of the SMP School, formed shortly after the L'Manberg

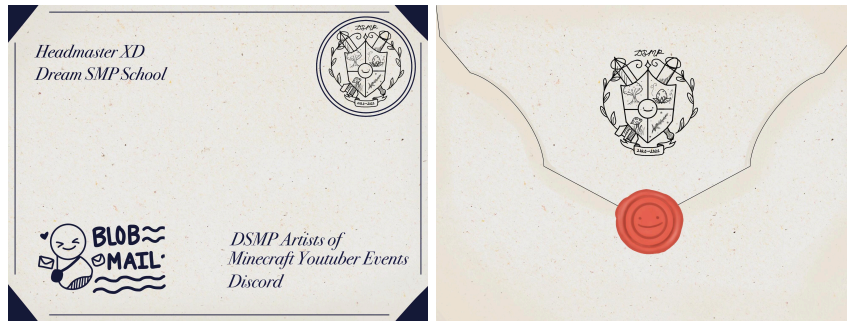

house's win to establish a house system in the school. Students of Snowchester focus on people first and foremost, forming the closest friendships and defending those who they care for the most. They also value security and safety, creating communities and safe spaces for the entire school. The head teacher of the Snowchester house is unusual, because he is the only student who is also a head of house. He is Class president Tubbo Underscore, a student who has time and time again proved his close loyalty and willingness to defend his closest friends, as well as push the school board and community to make the school a safe space for everyone. No one quite knows how it happened, but he seems capable enough, and certainly Snowchester is one of the most welcoming and successful houses in this academy.

Perhaps you will join the Eggpire, a house of dedication and power. The ambitious students of the Eggpire seek the highest awards and accomplishments and are often the most competitive and high-achieving students. The Eggpire house was founded by SMP School alumnus BadBoyHalo, who was part of the original graduating class before the house system was established and known for his incredible efforts of building the SMP School's reputable community and faculty. One notable alumni is Mr. Awesamdude, known for his technical work with the largest, most complex, and secure facilities in the world like government buildings, safe houses, and prisons. Another alumnus is Punz, one of the top speedrunners and fighters in Minecraft and Hypixel Tournament history. The current head teacher of the Eggpire house is Badboyhalo, and a notable student is Purpled Bedwars, son of the creator of Bedwars and the current reigning champion in the highest level of competitive Bedwars.

Join the Syndicate house, the only house headed by two teachers and the newest house of the SMP School. Syndicate members value intelligence and autonomy over everything, often topping the school academic ranking charts and pushing the boundaries of records and what is known. The two head teachers, Mr. Technoblade and Mr. Philza Minecraft, are respectively known for their legendary Minecraft records in Hypixel's PvP and now-retired Hardcore tournaments. The current head student of the Syndicate is Ranboo theBeloved, a half enderman hybrid with a wide variety of skill sets ranging from Parkour to drama and well known across the community for his charisma and his speedy rise in fame even outside of the SMP school. He is consistently the top ranked student academically and has found success across multiple disciplines, a true representation of the Syndicate house.

While your opinion on each of the houses may sway your placement, it is important to look at not just the surface level and notable alumni of the houses, but to analyze your personality and values to find the community you fit in the most.

More School Lore

- **People**
 - *Tommy* DJ lol, has many music discs
 - *Discs were confiscated by Dream when tommy was goofing off in stats class*
 - *Ranboo* somehow has access to the loud speakers and randomly plays *Fallen Down* and *Mellohi*.
 - *Fundy* tends to lead assemblies but he keeps peaking the mic and cutting out
 - After every assembly everyone o7's and chants "*it was never meant to be*" before ending and leaving
 - *Niki* is known for bringing in the best baked goods for her classes on movie/chill days
 - *Quackity* has a scar over his eye from when he challenged *Techno* to a duel during fencing club. Students don't bring it up because he's still embarrassed at how easily *techno* beat him.
- **Elections**
 - POG2020 v. SWAG2020 was a Students v. Teacher mock campaign
- **School Plays**
 - L'manberg (Season 1) as the Fall Play and Exile and Disc War (Season 2) as Spring Play
- **Music and Sounds**
 - Musically inclined school, many teachers can play an instrument or sing and will play in the quads during passing periods or lunch to cheer up students or for a bet/deal
 - Unofficial school song: L'manberg Anthem
 - Speedrun music is the 2 minutes before the bell rings bell and *Fallen down* is the you are officially tardy bell
- **Certain places of the Campus**
 - *Pogtopia* - the hallway with really dingy dim lights where *Wilbur's* teacher office was when *Schlatt* moved in and there wasn't enough teacher offices
 - *Badlands* - CTE/Home Ec classroom quad
 - *L'manburg* - the L'manburg Dorms
 - *A few too many "protests" tramples the grass -- renamed "L'hole"*
 - *Las Nevadas* - the game room by the music classes that *quackity* set up

- Since kinoko isn't a main faction it is the library! *Karl* is already the history teacher so It makes sense that he'd be the librarian! (Cause of his library in kinoko you know?) And you would always find *george* asleep in the library.
- **School-Wide Extracurriculars**
 - Winter Formal is *Masquerade* themed
 - Prom theme is the *Red Banquet*
 - MCC is the schoolwide sports competition

Other ideas:

Form groups as subtwts (dorm rooms, chill areas)

Yearbook Committee

- Ranboo
 - *Always writing in his notebook (for memory and for yearbook) Has camera around his neck to take photos and remember what happened*
- Tubbo
 - *Helps out*
- Tommy
 - *Obligated to be there because Tubbo dragged him there*
- Staff:
 - *Everyone working on this zine/yearbook*

Sports

This section is going to need some brainstorming/editing for functionality !!

Competitive Teams:

- Note: When signing up to be in the yearbook, contributors may also select a competitive team to be on
 - Automatically on JV or Freshman team ~~UNLESS they are well known for MG skills/can prove, then sure we will bump them up~~ *(Allie's current page layout doesn't really allow for JV and Varsity separation, and I think it would be smart to leave it like that, making just one team for each sport is a lot less effort.)*
 - *Maybe if people want to be on a sports team they can choose a discord when they join, like the clubs? And maybe teams can have captains to advertise the teams? (We might not even have enough active members for that)*
 - Sonia will make the art for the different sports, (team photo, individual shots)
 - *Maybe if someone else wants to contribute to the page they can draw an action shot of themselves/a friend or something like that that can be added.*
- Speedrunning
 - Coaches: Punz and Dream
- PvP
 - Coaches: Sapnap and Technoblade
- Parkour
 - Coach: Dream
 - Varsity
 - Ranboo
 - JV
 - Twt members
- Hypixel Tournaments (Bedwars, Skywars etc.)
 - Coach Technoblade
 - Varsity
 - Purpled
 - Tommy
 - JV
 - Twt members

Art Submission Details and Requirements

Description: *While everyone is turning in art, mods and helpers will focus on the physical aesthetics and looks of this school. They will check the consistency of the uniforms and buildings, as well as brainstorm ideas and prompts for artists to draw for the book according to the book ladder topics.*

References and details for submissions will also be available in the pinned messages of the respective discord channel.

School-Issued Clothing Designs

- Uniform Designs are **specific to the student's house** and designs have been made by or accepted by the members. (**check pinned messages** in the corresponding discord channels **or the corresponding content planning sections** for uniform references.) All uniforms have the **school logo on the back**.
- **Clubs will each have a jacket** for members to wear in the group photo for the club's page. (or in extra art e.g. in the student life section.) They **may also have a pin** that members can choose to wear on their uniform. These will be **advertised in the club fair** and in **corresponding pinned messages and content planning sections**.

Logo and possible jacket concept designed by Infinite_Marble --- P.E. Uniform designed by Koala!

Submission Requirements

Contributing artists will be expected and required to submit 2-3 pieces of art.

These three submissions are:

- **School Portrait**
- **Club Page Content** - *Optional if you don't want to join a club!*

- **House Photo/Class Fullbody (for group)**

Extra/filler art for any student life candid, illustrations based on lore for a group page, staff portraits, etc are encouraged and will need to be completed, but only by volunteers, they are not required of every contributing artist.

School Portrait

This will be a bust-up “school photo” of your sona in uniform. Your sona should be in a relaxed pose and looking ahead.

- Canvas Size: 1200x1800
- Your uniform is your house’s uniform, references will be available on the next page of this doc as well as in your house’s discord channel.
- Tip: since the house and class group photos are also in uniform, artists could use the full body they draw for those group photos for the portrait as well, by cropping to bust-up and effectively reducing workload. (if preferred, no pressure.)

Group Pages Content

You’ll be expected to submit art to help out with your clubs’/classes’/house’s yearbook page! (If you’re in one of course.)

- Most art will be fun pieces of members interacting while wearing house uniforms, club jackets or a more casual variation of the uniform!
- Please Visit [Page Content Planning](#) to find your club’s required content and to record who will be doing what!
- Club uniform references will be on the next page of this doc as well as in your club’s discord channel.
- House uniforms are under the “House Content” section in this doc [near the bottom] and in your house’s channel pinned.

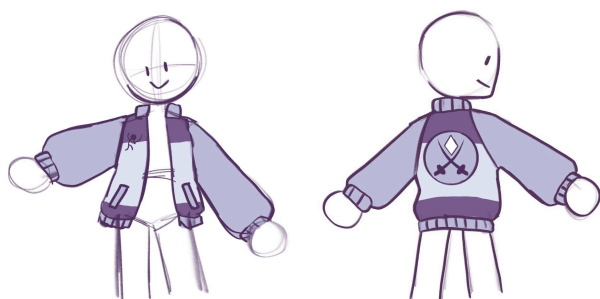

House/Class Fullbody (for group)

This will be a full body of your sona in uniform and will be submitted for both your house photo and your class photos, because they require the same dress code. Every other member of your house/class will submit one and they will be edited together to form a group photo to showcase on your house/class’s page. ***(Most classes have opted to not edit these together for their group photo so your art will likely be needed just for the house photo!)***

- Canvas Size: 1800x3000
- Club jacket references will be on the next page of this doc as well as in your club’s discord channel.
- Tip: Because the submission guidelines for the house and class photos are exactly the same, artists are encouraged to create only one piece that can be used for both to cut down on workload. However, if you have time and want to create a more unique drawing (different pose, expression, interacting with a friend who is also in the group photo) feel free to!

Logistics

Description: Those on the Logistics team (**mods and helpers**) will work on keeping the discord and other channels of communication clean, as well as direct the entire project and make sure it is on the right path. They will work out advertising, gather contributions, and organize the content.

Yearbook Design and Planning

Description: Those working on the Yearbook design will be working on writing and planning out the book ladder and pages and noting what needs to be collected for the book. Spread designers will work on coming up with themes and design choices for the book, as well as designing the pages and placing content on them. **(At this point in time most planning has been finalized, mods will work on any graphic design that still needs to be done.)** However, if you have some ideas for yearbook design, feel free to put them in suggestions or yearbook ideas in the discord.

Designs Brainstorm

IDEA ONE: CRAFTING A LEGACY:

- Reference to MC, also history and future stuff surrounding TFTSMP
- Historical
- Based on Tales from the SMP books

cover inspos:

<https://twitter.com/ivyporthals/status/1359360277897039872?s=20>

Dawn's concept photos:

WELCOME TO THE *Championships*

This is a sample text.

If we make the copy in a very short, anecdotal, and quote/incomplete sentence structure, it can look very stylized and get points across without the content team having to edit lots of text.

Let's write some quotes from the MCC's as an example.

"This must how Pete Zahut feels," said Technoblade while hopping between platforms on Ace Race during the . His Ace Race time beat out the previous record holder, Pete Zahut, with Technoblade completing each lap in around one minute and forty five seconds.

For the copy, should we stick to the "Crafting a Legacy" theme, I feel we should have some sort of sentence tucked into the copy somewhere - whether it be beginning, middle or end - that references legacy.

In this case, it would be Technoblade setting a new record. We would bold his achievement.

This Minecraft Championship saw new awe-inspiring records, including Technoblade's impressive Ace Race run.

This is an additional quote area. We can have secondary coverage, or "mods" in small corners like these to add more people to the page.

We can use the standard submitted portrait, or artists may submit more than one headshot, maybe some candid, to be added.

Gathering this kind of content could be complex, but we can also make this funny quote book entries LOL.

Anyways I'm running out of things to write, so I'll put the colophon here LOL. This text is written in Athelas 10pt black. Some of the text is in Athelas Bold 11 pt black.

The "Welcome to the" is written in Krungthep 30pt black. The "Championships" is written in Snell Roundhand 64 pt. These fonts are subject to change.

CRAFTING A
Legacy

Fonts:

- *Cursive/calligraphy*
- *References to quills*
- *Serif font*
- *Old style*
- *Handwriting sticky notes inside as quotes from students and twt*

Photos:

- *Drawings submitted by artists*

Copy:

- Quotes, shorter sentences -- kind of written like a notebook (references to Ranboo and Karl's rather quick notetaking when writing in their respective books)
- Longer articles written by students/staff like Technoblade, Ranboo,
- Interview transcripts

IDEA 2: SNAPSHOT

- Polaroid/Photo based

Softwares and their Pros and Cons

- **InDesign**
 - Pros: Widely accessible (if you have money)
 - Cons: Adobe 🤔, local files and hard for real time collaboration
- **Affinity Publisher**
 - Pros: one time fee, really professional Adobe-like software
 - Cons: local files, hard for real time collaboration

Page Content Planning

This is where groups will record content for their pages. The organizers linked below contain the required page content so that your group can keep track of what you need to complete. Brainstorm and meet people in the discord, and when roles and content have been decided on, get started!

[Individual Content \[required from each member\]](#)

[House Pages](#)

[Club Page Content](#)

[Class Page Content List](#)

[Extra Art To-Do List and Assignments](#)

Individual Content

For Artists

- ☐ Individual Portrait [bust-up of your sona, 1200x1800 canvas]
- ☐ Sona reference [any layout - post in #your-sonas channel]
- ☐ A full body or thigh-up for house (and possibly class) group photos

For Writers

- ☐ Individual Portrait - Optional [same details as artists' portraits - only if you feel comfortable doing this. You can ask someone else to draw your sona if you want :)]
- ☐ 150 character description of your sona [instead of portrait]

House Pages

House Group Page

Yearbook Plan

House Group Plan

Content Split

2 to 3 people - House Intro

- 300 to 400 characters including spaces
- Introduces house, its values, vibe and gives a little history to the main lore/history of the house.
- Tells which member(s) of the DSMP are related to it, who the lead teacher is and the head student.

Every member - Draw Sonas

- Each member draws their sona in the house uniform - in static pose.
- From thighs up on 1500 by 2000 canvas.
- Submit as a png image with no background, and make sure to add signature somewhere.
- If a member is unable to draw their sona, someone else can draw it for them as long as they have the member's permission.

1 to 4 people - Group Photo

- A collaboration or single task - edit/ photoshop together all of the house member's sonas into a group photo including everyone.
- All sonas must be in house uniform - there can be a background on this image.
- Group photo edit on 1500x3000 canvas

1 to 2 people - DSMP Member Portrait

- A bust-up portrait of the house's DSMP member Head Teacher.
- L'Manburg is Wilbur, Eggpire is Badboyhalo, The Syndicate is Ranboo, Snowchester is Tubbo.
- Background of image is the generic portrait background used for all portraits (ping us for image)

1 to 3 people - Dormitory Design

- Can be in any format you'd like - an isometric drawing, reference page with different views of a room(s), an architectural 'blueprint'/floor plan or a series of images detailing the building or multiple.
- Canvas can be 2000x1500, 1800x1800, or a size of similar dimensions. Can have up to 3 images - all the same size or can tessellate together into a large rectangle/square.
- Designs should incorporate aspects of the house's "character" and details that distinguish it as belonging to your unique house.

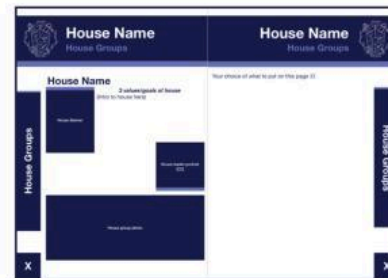

1 to 2 people - House Uniform Design

- Should reflect aspects of official school uniform that all members, no matter their house, wear.
- Drawing should include the front and back view of uniform (with side view as well if you want)
- Uses colour scheme that matches the house.

3 to 6 people - Extra Content

- 3 pieces of extra content for the page on the right side.
- 1 to 2 people working on each piece.
- Some ideas are: a written poem/introduction to something that happened during the school 'year', any lore drawings that relate to events that happened in your house (not dsmp lore - lore that happened in your house text channel), any propaganda posters etc.
- Ping one of us mods if you need some help choosing an idea or if you have any questions!

Content for the house pages. Read the above image for details and fill out your group's doc page together to keep your content organized, as well as to keep the mods up to date with your progress, and let others know what you're up to.

Lore Brainstorm/Information

Welcome to the L'Manberg house! We are happy to have you! L'manberg initially started as an autocratic nation, with the dictator-for-life method. but as conflicts arose, The original president Wilbur Soot then changed lmanberg to a democratic nation in order for the citizens to truly listen.

After the election, Jshlatt won. He changed L'manberg to be a dictatorship and reformed the country into 'Manberg.'

L'Manberg is about rebellion, being free, being yourself, and standing against what you think is wrong, but achieving these goals peacefully. However, those values are nearly impossible to stick by.

If L'Manberg's ideology seems to be incompatible with a nation, then how can it exist? Well, its debated that it can exist just fine through people alone. For example, even though L'Manberg is gone, the citizens and even people who were not citizens carry the values with them. Tommy, for instance, stands his rebellion against Dream, and he values his freedom, which is what fuels his rebellion (besides his discs). Tommy has proven in the past to be willing to negotiate, like when he traded his discs for the official Independence of L'Manberg, or how he doesn't want to destroy L'Manberg, or hurt Tubbo. independence and freedom.

In a twist of fate, there is a person that is believed to have realised that L'Manberg, in its ideological meaning, can't exist as a nation— its own founder, Wilbur. Wilbur, at the end of his life, embraced anarchy, and said that no matter the leader, it will never be what it was before. He understood that the spirit of L'Manberg is chained down and choked by the physicality of being a nation, of having a government, instead of being an intangible idea.

Content planning/Confirmation

- ☐ *Text - means not assigned*
- ☒ ~~*Text—means is confirmed*~~
- ☒ ~~*Text [name]—means is assigned*~~

^^^ The final two check boxes depend on which section; the 1st relates to “**Content Assigned [not finished/confirmed]**” section, and the 2nd box relates to “**Content Still Needed [not assigned]**” section.

“TBC” stands for “to be confirmed” - ping a mod for more information or a fast-tracked update/confirmation.
