Enlighten(meme) Project

Who doesn't love smart and clever memes! So why not create memes that Enlightenment thinkers would enjoy! In this project you will create 3 Enlightenment-themed memes that will be displayed for all to see! What could an Enlighten(meme) look like? Take a look:

Your job is to find pictures or portraits that can be developed into memes that express key enlightenment ideas. Copy and paste these pictures to your PowerPoint slides and add the text to create a meme.

The memes text itself MUST reference Enlightenment ideas.

Meme Project Directions

1. You must focus your memes on Enlightenment ideas discussed in class. Images may be from the time, but they do not have to be. They simply must be used to express an Enlightenment idea effectively and creatively

2. You do not have to use an online meme generator. You can simply find an image, paste it to your PowerPoint slide, and insert text boxes to make the meme.

3. You must create at least 3 memes.Each meme should be followed by a brief explanation of how it connects to deeper Enlightenment ideas.

4. ***Your memes must be original and not a copy of one found online***. That will be considered plagiarism and will result in a 0 for the project. Obviously, you may use online examples for ideas and inspiration, but your memes must be different and original.

5. All images and captions must be school-appropriate. If you are concerned, ask your teacher.

6. Your memes should be free of spelling, punctuation, and grammar errors (see rubric).

7. Use the rubric given to you to see how you will be graded on this project.

8. **Have fun and be creative!**
