

3rd Grade Weekly News

NCSD Virtual Online Program

Issue 1

September 18, 2020

Update

We hope things are going well for all of you and your families. It sure has been a busy week. Meeting our students has been our highlight. We appreciate how hard everyone is working to follow routines and procedures and help one another when there are questions. Thank you!

You have done a fabulous job of meeting the goals for the first week of school. EVERYONE has successfully logged into Google Classroom and Edgenuity. That's a big deal and you all deserve a pat on the back! Screening and diagnostic assessments are being completed and students are on their way to finding their Individual Learning Pathways. This is what students will be working on during independent reading and math times.

In the coming weeks, writing, social studies and science will be added to the daily routine. This will be explained in the Class Meetings. If you are not able to attend, that's ok. The information will also be posted in Google Classroom daily.

It's going to be a great year full of learning! We are glad we get to share it with you!

Needed Supplies

Please have the following supplies by Monday, if possible.
