

Assessment Event 2

Social Media Site Testing Form

Review the Azure Beach Public Toy Library social media site and complete the form.

Website issue		Comments / Solutions
Ease of use	Y / N Yes	I found the Toy Library Facebook page easy to scroll through and navigate
Content includes: ABPTL Aim Address & Contact details Joining & Fees	Y / N Yes	All of these three contents are included in the group page
Design layout of text and images	Rate 1-10	9. The design layout looks clean, attention to detail shown.
Images appropriately positioned	Y / N Yes	The images looked well presented.
Navigation – Link to ACCC Safe Toys for Kids pdf document	Y / N Yes	The links all appear to be correct and working.
Social Media interaction	Y / N Yes	Some good feedback has been sought through Social Media interaction
Other Comments: I thought that some of the images of toys, positioned on a wooden surface (table), had a feel of homeliness to them, as that is where they may be in your own home if you borrowed them, as opposed to toys photographed on a white background, for example. I like the inclusion of illustrated images too.		

I have reviewed the site and provided comments on possible changes or issues with the site
