

# Happiness Habits Assessment Tool

Name: \_\_\_\_\_

Date: \_\_\_\_\_

**Note:** This assessment is intended to get a realistic picture of where your happiness habits are now so we can create a plan together that will best help you. There are no right or wrong answers. You cannot fail this test! While it's natural to want to portray our habits as better than they actually are, it's important to be as honest as possible.

Rate each of the following happiness habits on a scale of 1 to 5:

**1 = being never**

**2 = being rarely (less than once a week)**

**3 = being sometimes (once or twice a week)**

**4 = being often (a few times a week)**

**5 = being always (daily)**

## Happiness Creating Habits Criteria
