Mrs. Pierce's update

Happy to see everyone. Wants everyone to know how much the PTA supports the school, especially ensuring that our school goals are supported and equal access is prioritized. We have about 112 new magnet students coming next year. There was a welcome event for them and they are invited to the picnic as well. Field Day is tomorrow. There is a plan for the warm weather. We have several end of the year events. Please check Friday Folders for the calendar. Please be mindful of checking out students and lunch times. We are not a host site for summer reading camp this year. We are very proud of our students and our staff's commitment to their learning and growth.

Vice President's recap of the year

We kicked off the year stocking the staffroom, Go Play Save, Fun Run, Trunk or Treat, Book Fair, and World Dance. We were able to purchase the new lunch room tables. Steam Night was a huge success. Cultural Arts performances were very successful. The Reflections contest was popular. The Garden is thriving. This is a wonderful opportunity for students to have access to a garden where this type of scientific learning might otherwise not be available. We had a movie night and a "No Fuss" Fundraiser. Teacher Appreciation Week was robust and showed our staff how important they are to our students and families. Field Day and 5th grade celebration are upcoming.

President's recognition of PTA Team

Sarah, Rob, and Lauri are all outgoing PTA members who provided significant contributions over the past years.
