About my art/pricing

I mainly draw people/humanoids but I can draw environments too, and I do not mind attempting other art styles. I have a very sketchy, cartoonish style and I often use brighter colors. I do traditional and digital work, digital work is done on Ibis Paint X and occasionally Krita. I've done some texture and character design work on fan games, original projects, as well as my own simple animations. Some work shown here is quite old or unfinished and my style/quality has adjusted since then. I've taken art classes throughout high school, ending it with AP studio art. I still have a lot to learn about art but I take on these projects to help me improve!

I do not have rigid commission prices (for non-project artwork).

currently the idea is

traditional art or simple digital art: 5-15\$ (based on complexity)

digital art with a traditional sketch: 10-25\$

Anything with requested backgrounds or animals will be higher.

Alternatively

- 5 to 10 for a sketch, an icon or simple object or flat character
- 25 to 30 for a character sheet, multiple characters or something more dynamic
- 15 to 30 if you're commissioning only a background
- 30 to 40 if the characters also needs a background

FNaF Classic Home Invasion remastered

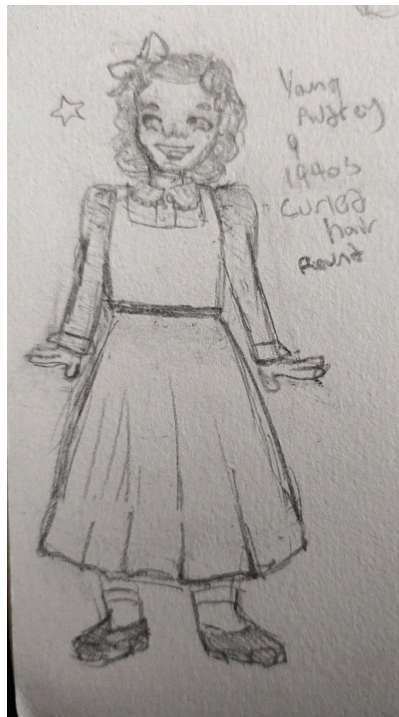

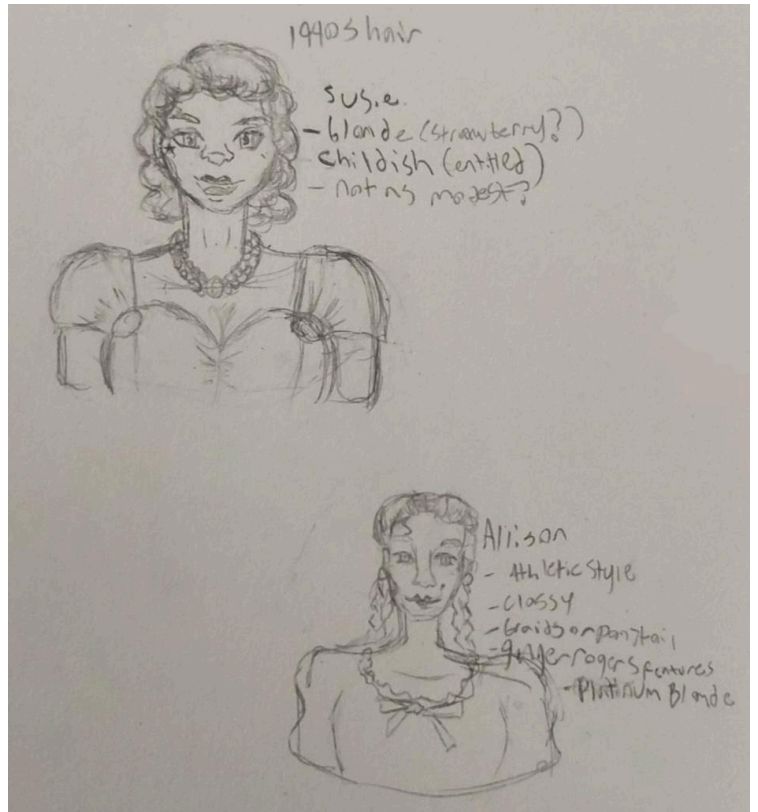

Alechidna's FNaF dubs

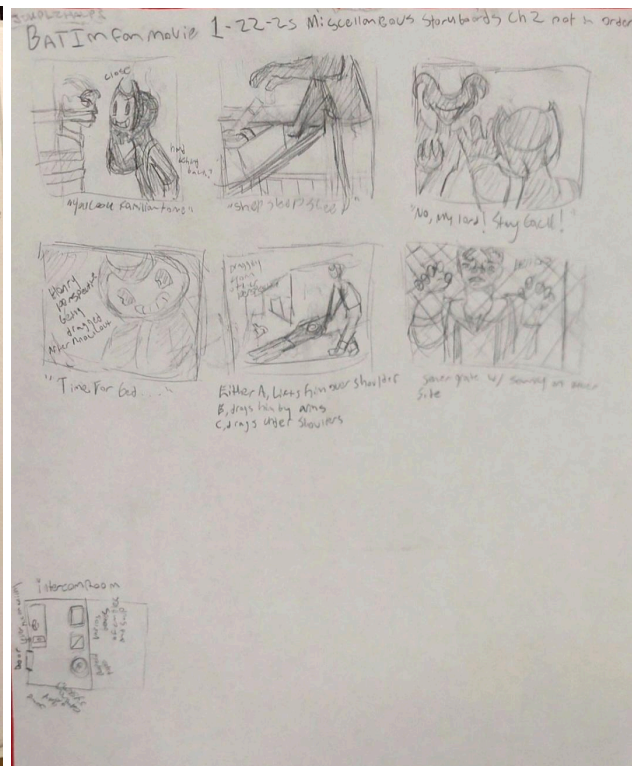

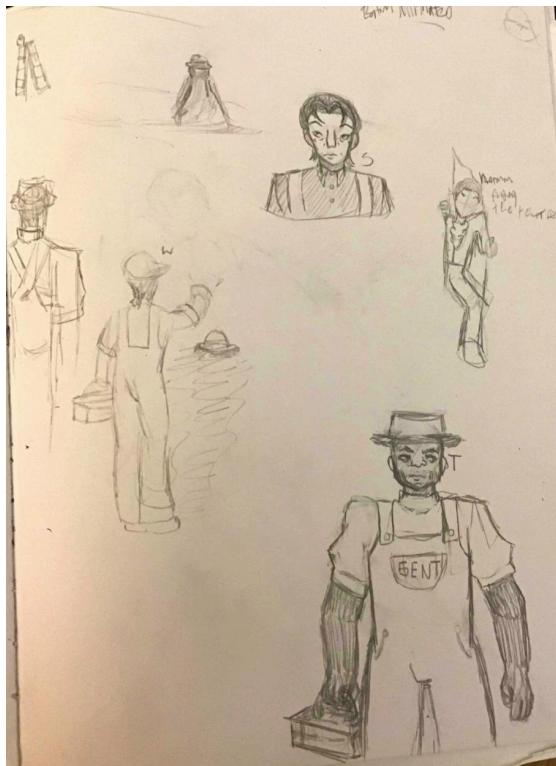

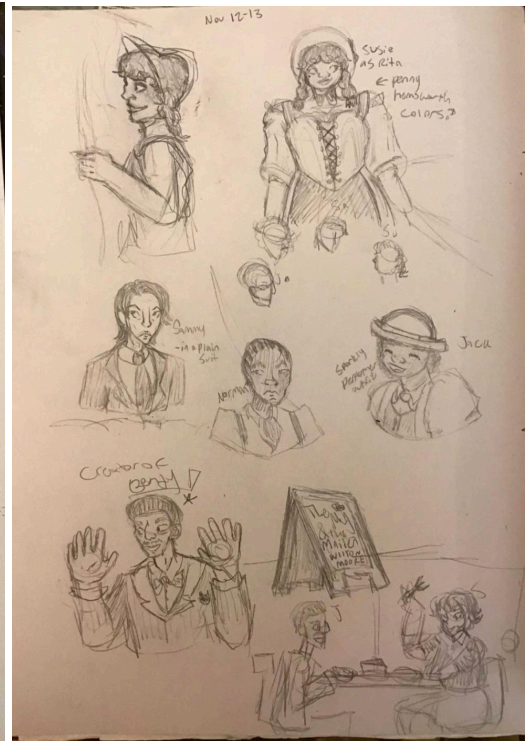

A vibrant, anime-style illustration. In the center, a character with short purple hair and a long, multi-colored coat (yellow, green, and purple) stands with their hands raised in a gesturing motion. They have a wide, happy expression. Surrounding them are several yellow starburst and triangle-shaped effects. In the foreground, the backs of three people's heads are visible: one with short blonde hair, one with long green hair, and one with large, fluffy pink hair. To the right, a large, solid red vertical shape, possibly a curtain or a wall, is present. The background is a soft-focus cityscape with buildings in shades of blue and purple. In the top right corner, there are three blue question marks.

Bendy Black & White

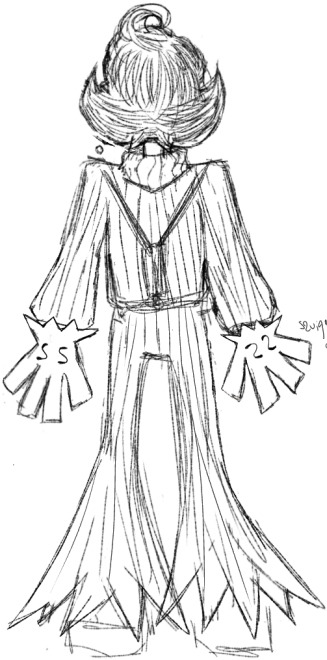

A collection of hand-drawn sketches for a character named "Crazy Bunn". The sketches include a full-body figure, a profile view, a headshot, and several smaller character variations. Annotations include "Crazy Bunn", "Crazy", "Sharp", "Change shape?", "More coming", "Shedding more", "Thinner", "More", "big proportion", "big hair", "big eyes", "big mouth", "big teeth", "big ears", "big nose", "big lips", "big chin", "big neck", "big shoulders", "big arms", "big legs", "big feet", "big hands", "big fingers", "big toes", "big nails".
