

For Students: How do I log into Clever using a Badge?

(This feature is available for PreK–2nd grade students only!)

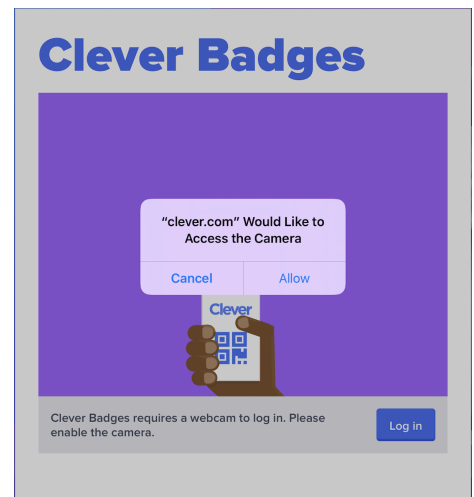

1. If one has not been provided to you, request a Clever badge from your teacher. You may also use your student's @myfsd.org Google email address and password to access Clever.

2. On your student iPad, tap on the Clever blue icon. Once on the Clever website, click on "Clever Badge login". (Note: You cannot scan this badge using a regular QR reader app. You'll use the Clever icon to access sign in.)

3. **Very Important!** When asked if "clever.com Would like to Access the Camera" tap ALLOW.

4. Hold up the QR code to the camera and wait for the Clever dashboard to load.
