

Biography of Dr.Karndee Leopairote

Dr. Karndee is a professor who turned a strategic futurist. She is now serving as the Chief Foresight & Digital Asset Officer at DTGO Group and the Chairwomen of Digitalife Corporations.

Dr. Karndee leads a future foresight team at FutureTales Lab by MQDC to identify the possible futures for future solution planning at the corporate levels and the city level.

As a strategic futurist by practice, she has formulated and launched the FutureTales Lab to be the forefront of the foresight practice and a platform for industry collaboration. She is also leading digital asset strategy for the DTGO group.

Dr. Karndee is also serving in Supervisory Board of Director, Electronic Transactions Development Agency (ETDA) and Creative Economy Agency (Public Organization)
