

## My Life Movie Poster Assignment

**Poster Standards Graded:** 1F, 2B, 4A

**Presentation Standards Graded:** 2B, 4A, 5A, 5C

### Assignment:

Create a movie poster that features a character based on yourself as the main character in the movie. You need to accurately represent yourself and your personality, but you do not have to stick to the facts 100%. In your movie, you can become a superhero, princess, king, animal, transformer, etc...The movie should be set in a fun and creative land of your choosing.

Your movie poster should include:

1. The title of your movie.
2. Your name (as the star actor/actress). Include famous actors/actresses to portray other people in your life (parents, siblings...etc).
3. A large graphic/picture that represents your life. Include at least three elements that describe you or something you like (ex: favorite color, favorite subject in school...etc.)
4. A picture of you. It can be a picture of just you or you with your family.
5. your birthday (aka: the coming soon/release date)
6. a tagline that describes your life movie (ex: From the movie Chicken Run - "Escape or die frying.")

You will draw and color your poster on the paper provided. You will only receive one sheet, so I suggest sketching a rough draft before you start drawing on your main poster. **You will also need to think of three more interesting facts about yourself to share with the class.** Write these on the back of your movie poster.

You will present your poster to the class. When you present, you must make sure to:

1. Introduce yourself
2. Explain all the elements on the poster (the three graphic elements, title, coming soon date, and tagline).
3. Share the three interesting facts about yourself that you wrote on the back.

If you have any questions, please ask me. Have fun and be creative!
