PTC Meeting Minutes

Wednesday, August 26, 2026, at 11:15am, Greenhills Campus

Item #1 Welcome, Larisa Perryman

Item #2 Introduction of Board, Larisa Perryman

Item #3 Approval of June 2 Meeting Minutes, Amanda Murray. Nick motioned to approve; Larisa seconded; everyone in favor.

Item #4 Principal's Report, Mrs. Johnson - We're wild about learning this year. Lots of families came in over the summer to help and get ready for the school year, including the TK playground. We've grown and have the most 3rd graders in the district this year. Our TK area is complete; we are waiting on the fence to be finished, then we'd like to do a ribbon-cutting ceremony. Our schedules are coming together; we have a new teacher, Ms. Baltazar, Ms. Galicia, and a new music teacher, Mrs. Tanner. We are short 2 yard duties; one resigned this week, asking for help from the PTC with a post about the position. We're working on the volunteer clearances and getting them into the Wednesday folders next week.

Item #5 Grade Level Updates, PTC Teacher Representatives

- TK, Galica: TK is working on feelings this week and next week, introducing letter and number of the week.
- K, Lobban: Kindergarten is in full swing! In just a couple of weeks, students have learned their classrooms, teachers, and peers, as well as rules, routines, and expectations. They're already acting like full-blown students! We have also delved into curricula including UFLI phonics, Wonders reading and writing, and EnVision math. Students are learning how to build their stamina when working independently, so teachers can begin to hold small-group instruction times. We look forward to another exciting year!
- 2, Brown: We are getting into the swing of academics this week. We are focused on addition in math. We are reviewing the short vowel sounds in phonics and working on character, setting, and events in Reading. We have spent some time talking about what it means to be a friend and the qualities we would want in a friend. The kids have made WANTED posters for a best friend and written a paragraph about how they can be a good friend. We are off to a great start and are looking forward to a great 2nd grade year.
- 3, Bousfield: Back to school night was helpful to get to know the families. Working hard on routines - behavior, homework, school. There was a rotation where each classroom got to go to each classroom and get to know the other teachers. We're moving into CA regions and onboarding the new 6th teacher. The team worked together to set up the classroom.
- MA, Freer: We're excited to be getting the new school year up and running! Our Multiage Classes are off to a great start, and we're grateful for the continued support of our PTC

community. We have secured lead parents who will continue helping with our gardens, and we're especially thankful for the PTC's support of our garden program. We also have new boxes to safely secure sharp tools for adult use and are looking forward to planting some fall vegetables. We're excited to welcome new parents as art docent leads and appreciate the PTC's support of the new curriculum and digital materials they'll be using. Picture Day was a success yesterday—thank you for helping everything run so smoothly! We're looking forward to a wonderful year!
