Voxer Set Up Guide
(If you need help, shoot me an email at GaryMoritz@outlook.com)

About: Voxer is a messaging service and smart phone app. It can be accessed via a computer, and on an iPhone or Android phone.
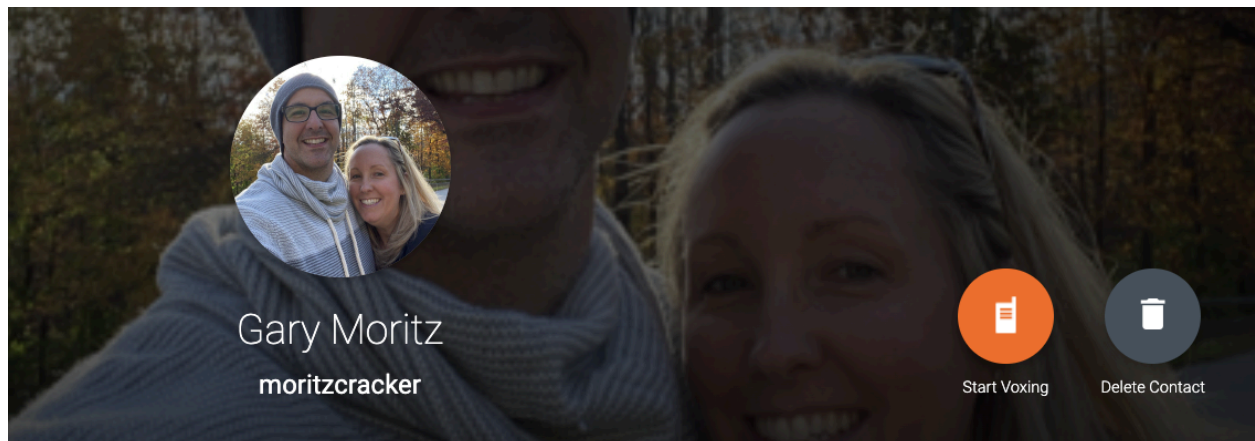

We will use this to communicate in between our monthly Vitality check-ins via text and voice messages.

Voxer Instructions

Step One: Create a free Voxer account at https://www.voxer.com/

Step Two: Add me as a contact
- My profile link (for desktop computer use) https://web.voxer.com/u/moritzcracker
- My username: MoritzCracker
  - **Instructions:**
  - At the top of the site, click contacts
  - On the left, you can search for my name
  - Type "moritzcracker" & Click my name from the list, and then click "add contact"
  - <mark>Send me a message by clicking "start Voxing" so I have your contact information.</mark>

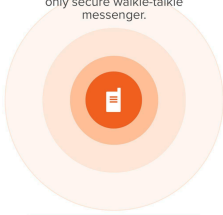

Step Three: Download the Voxer app onto your mobile device so you can take me with you on the go.
- Once downloaded, sign into your account and you will be able to use Voxer on both your phone, and your computer!
