

Jjla respects your privacy. This policy outlines what information we do and do not collect when you use our app.

Information We Collect

Our app allows users to upvote or downvote videos. The number of upvotes and number of downvotes for each video is stored in our database, but this information is completely anonymous and not linked to any personal or identifying information.

How We Use This Information

The anonymous upvotes and downvotes are used solely to improve the user experience and content within the app. It is not shared with third parties and is not used for advertising, tracking, or profiling.

Information We Do Not Collect

We do not collect names, email addresses, device identifiers, or any other personal data, nor do we use cookies or any similar technologies. Additionally, our app has no account system.

Your privacy is important to us. If you have any questions or concerns, you may contact us at jjla@illinoisenactus.com.
