Communications Intern for Summer 2023 in Arlington, VA

Who is it for: Rising Sophomores and Juniors as of Summer 2023, majoring in Communications, Marketing, Public Relations, Multimedia Journalism, or a related field of study.

What: Intern will work under me, **get paid $20 an hour,** and learn / gain hands-on experience in all aspects of Communications through a structured curriculum without the classroom setting. The intern will work on tangible deliverables that will be great assets to a young professional's portfolio.

- Graphic Design
- Photo and video creation and editing
- Web management
- Social Media Management
- Email marketing
- Social Media Analytics and Strategy
- Storytelling/writing
- Public relations, working with media, story pitching

At the end of the internship, they will work with their Internship Supervisor & Human Resources personnel to apply their internship to their resume, portfolio, and practice for future interviews.

Where:

- This is an on-site internship. The intern must be able to commute to the Virginia Tech Research Center in Arlington, VA on Tuesdays, Wednesdays and Thursdays.
- Hours: 24 hours per week

When:

- Start Date: May 2023; Exact date determined by student's availability.
- End Date: August 2023; Exact date determined by student's availability

Interested students, applications, and any questions can be sent to: aubreym@vt.edu

---

Internships require students to register for COMM 368: Internship for course credit, see the [department internal application](#) for additional questions.
