

‘Motion to add Freshers' Representative’

Proposer: Owen Connors (1921286)

Second: Keegan Rimmington (1915915)

The society notes:

1. Many other societies have a Freshers' Representative position.
2. 1st year participation in the society is very low, despite high membership.
3. Freshers is a common term to refer to 1st year students.
4. Current freshers primarily communicate on WhatsApp, whereas the society primarily operates on Discord.

The society believes:

1. Fresher participation will be raised by including a dedicated voice for freshers within Executive Committee discussion.
2. A freshers representative will be better positioned to bridge any communication platform divide.

The society resolves:

1. To add section 4.4.X that reads:
"4.4.X Freshers' Representative
"4.4.X.a The Freshers' Representative should endeavour to facilitate and drive 1st year engagement and events within the society.
"4.4.X.b The Freshers' Representative should act as a point of contact between the Executive Committee and 1st year students.
"4.4.X.c This office will be elected in a by-election before week five of term one. Only standard members who are 1st years may run and vote for Fresher's Representative."
