

YouTube: How to Post!

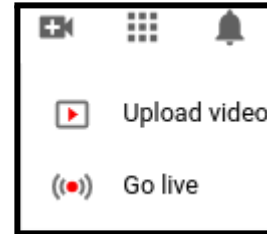

Posting your video on YouTube is a great alternative to posting it directly to Google Classroom.

It won't take as long to process, allows students to change the quality for slower bandwidth, and students are familiar with the YouTube platform.

Log in to your School Youtube Account [youtube.com](https://www.youtube.com)

Click the little video camera with the plus sign on it
(in the top right corner, next to your waffle)

You will have two options: Upload from your computer
or "Go live"

An upload box will appear. Choose the video you want to upload.
