(Copy/Paste Directions Here)

Default text is Merriweather Normal in font size 12.5

This is for sauce or seasoning recipes that require directions rather than “mix and go” type of seasoning recipes. Adjust margins to your liking.

Before typing anything from your recipe here click **FILE>MAKE A COPY** and name your recipe you are about to create. It can be changed later. **Always do this for each recipe you make or else it will overwrite your saved template.** You can always get a new one from my blog post here. Remember: PASTE WITHOUT FORMATTING you can use the short cut **CTRL + SHIFT + V** and NOT **CTRL + V**. Sorry for the long paragraph.
