

3D character animator

I'm a dedicated, hard working 4th Year Hons Animation Student at Technological University of the Shannon, with experience in Blender, Maya, Photoshop and Toon Boom Harmony developed during my years at TUS and CSN, where I also developed my attention to detail and my problem solving skills. I am looking for a challenging, fast-paced environment within the animation industry to utilize and develop my creative and technical skills further.

## EXPERIENCE

### Design for Life - Intern

Dublin, Ireland

23rd May- 12th August 2022

Worked on an in-house 3D animated short film, as well as a couple of other short projects. All done in Blender.

Built and textured props and background elements.

Animated main characters in a number of scenes, as well as doing the relevant secondary camera animation and lighting.

I learned a lot about working in a team, and receiving and implementing feedback from the director, and others on my team, as well as about 3D character animation.

### Penneys – Retail Assistant

Patricks Street, Cork

July 2017 - JULY 2022

Greeting customers with a friendly and helpful attitude

Improved my ability to problem solve and work under pressure, as well as my ability to handle feedback. My patience, adaptability and confidence all improved in my time working there as well.

I began by working exclusively on the shop floor and then progressed to working on tills and with returns, as well as becoming a Fire Marshall. During my time there I also did overnight stock take once and nightpack during two Christmas seasons.

### Summer Camp - Art Tutor

Bartlemy, Cork

August 2018

Planned and implemented arts-based activities for children aged 5-12

I developed greater leadership skills and adaptability as well as improved my organisational skills, ability to problem solve and my patience from the experience of working here.

### **Out My Window- Collaborative Art Project**

International collaborative art project done in LIT Clonmel and students from Bradley University in Peoria, United States

Artwork was displayed both in LIT Clonmel in 2019 and Clancy Music and Arts Festival in summer 2021

## HOBBIES AND INTERESTS

**Photography-** I did a module in photography during my Certificate in Art,Craft and Design at Colaiste Stiofain Naofa where I learned the basics in the use of digital SLR cameras as well as basic Photoshop. I got very into portrait photography in particular during the module and intended to attend a program with gvi on wildlife photography and conservation awareness in Costa Rica a few summers ago, but unfortunately had to cancel the trip due to covid

**Bookcraft-** During my time working in Barbara Hubert Bookbindery, in 2015/16 I started out just folding paper in half and doing general tasks to help around the store but I progressed up to making various kinds of notebooks before I left. I continued making notebooks and sketch pads after I left, particularly for my leaving cert craft project but also the skill comes in handy when I need to give someone a birthday present on a budget.
