

Category B – Special Event

Red Lion Area High School

Attached is a video that was sent out at the end of April to students and staff at the SH to advertise May as Mental Health Awareness Month.

Attached is a video for the Mental Health Awareness Bundle Packs that were sold at the Junior High and Senior High. This was the first endeavor of this kind and the students were thrilled with the support that was received from students and staff. Emails were sent to staff in late April advertising the bundle packs. The items were packaged and delivered throughout the District. The attached commercial was created to promote these items to students. The proceeds from the sales went to the JH and SH Aevium clubs to support future initiatives for the 19-20 school year. The students are energized by the peer suggestions they received and plan to expand their influence to the community.
