

Name Pronunciation Instructions

[CLICK HERE](#)

The above link goes to a Google Form where students can record and share the pronunciation of their name for graduation.

Please get this done as soon as possible!

A few notes:

- It really helps for you to say your name three times (normal, by syllable, normal). It helps the speakers get pronunciation AND stress/emphasis.
- We will only read first and last names. (No middle names.)
- It has to be the official name in Infinite Campus.
- If they want to use a different name, their parent/guardian has to contact their counselor for approval.
