

What kind of feedback do YOU want? (Check ONE)			
	Where can I use an upgrade?		Am I understandable?
I am ready to focus on every little detail, with suggestions for how to level up the words I used and how I used them.		I am ready to clear up anything that is confusing or not understandable to the reader.	
	Where did I shine?		No, thanks!
I am ready to see where I followed my intuition, took risks, and stretched myself to say something I wasn't sure about but tried anyway.		I'm good - the rubric is feedback enough! Danke, Herr Fisher-Rodriguez!
