

Butler, Nixon, Holzwarth and Krushinski All Win First At New Egypt

New Egypt, NJ – It was a night of firsts at New Egypt Speedway as there were four first time feature winners on Jackson/Wrightstown/North Hanover night. Mike Butler picked up his first career Vahlco Wheels Modified win, Duane Nixon scored his first Larry's Hot Rods & Harley's Northeast Wingless Sprint Cars feature event win, Robbie Holzwarth won the Crate Modified feature and Ryan Krushinski was the winner in the Lyons Construction/Metal Fab Rookie Sportsman division.

Billy Osmun III led the Vahlco Wheels Modified's to the green flag and would get out to the early lead. Osmun would lead the first four laps of the 30-lap affair until the first yellow flag flew when PJ Oliver came to a stop in turn number four. Osmun would lead the field back to the green on the ensuing restart but it would be Mike Butler jumping out to the lead clearing Osmun off of turn two. Ryan Krachun would be the man on the move as he charged up to fourth place behind Butler, Osmun and Kevin Vaclavicek.

Butler would continue to lead the way over the course of the next 22 laps when John McClelland came to a stop in turn two. Under the caution for McClelland Ryan Godown went pitside with a left-rear flat tire. On the restart Butler would again jump out to the lead but less than a lap later the yellow flag would come unfurled again when Pat Wall spun off of turn four. Butler again would jump out to the lead following the yellow. Brandon Grosso would enter the top-5 for the first time on lap 27. Butler would take the white flag as the leader but the final caution would wave on lap 29 when Danny Bouc came to a stop on the frontstretch setting up a one-lap dash for the win. Butler would again jump out to the lead and beat Osmun back to the stripe to pick up his first career Modified win. Kevin Vaclavicek, Ryan Krachun and Brandon Grosso would round out the top 5.

“We had some bad luck last week and this is a hell of a way to capitalize on it. It’s been years since I’ve seen Victory Lane. The last thing I wanted to see was caution after caution going for your first win. I can’t thank everyone enough that makes this possible”, said Butler postrace.

Duane Nixon jumped out to the lead during the Larry’s Hot Rods & Harley’s Northeast Wingless Sprint Car feature event and would not look back as he as well picked up his first career victory over Brad Schaale, Kevin Nealls, Eric Degler and Chace Leahy.

Robbie Holzwarth III also would score his first career Crate Modified feature event as he controlled virtually the entire distance. Holzwarth would hold off a hard-charging Johnny Bangs. Ryan Heim would come home third with Steve Hicks and Eric Palmer completing the Top-5.

Ryan Krushinski would complete the first career win trifecta winning the Lyons Construction/Metal Fab Rookie Sportsman feature over Anthony Tramontana Jr., DJ Hunt, Zach Merola and Vinny Troia.

New Egypt Speedway Results Jackson Twp. Night 6/15/2019
