

Westside Elementary School
2200 West Oak Street
Rogers, AR 72756

Summary of Parent and Family Engagement Plan 2026-2027

Parents and families play a crucial role in the success of their children in school. Westside Elementary encourages parents to be full partners in the education of their children. The staff and parents of Westside Elementary have worked together to create a parental involvement plan that promotes the shared responsibility of fostering student success. The parent and family engagement plan outlines ways in which the school will provide opportunities for parents to be involved in their children's education. Such opportunities include the following:

- annual Title I meetings offered at flexible times
- opportunities for parent feedback
- on-going communication (phone, daily folders home, email, school website, etc.)
- explanations of state academic standards
- provisions of materials to assist in student learning at home
- parent and family involvement training for all school staff
- community programs that foster parental involvement
- parenting materials provided online and at the Parent Resource Center
- assistance and support from parent volunteers
- evaluation of the parent involvement plan by both staff and parents
- communication and assistance in fostering the development of success in mathematics and literacy for all students
- a parent advisory board to represent the thoughts and opinions of all Westside parents

It is the hope of the Westside staff that parents utilize and make the most of these provided opportunities in order to foster and support academic, emotional, and behavioral development of their child.
